THE KENTUCKY ENGINEERING FOUNDATION (KEF) is a non-profit, tax-exempt 501(c)(3) organization. It is dedicated to educational and professional activities that encourage individuals to achieve their potential as productive workers and as informed citizens. KEF is committed to the belief that the engineering profession continues to make a vital contribution to the quality of life of all Kentuckians.

The education programs that KEF supports are designed to enhance the mathematical, scientific, and technical aptitudes, as well as attitudes, of Kentucky's students. These programs are for the most part conducted and administered by volunteer engineers throughout Kentucky. There are mutual benefits to these programs, in that engineers gain valuable social and managerial skills.

As a member of the Kentucky Society of Professional Engineers, you are also a member of KEF. You are welcome to participate in the many KSPE activities that center around educational opportunities, and you are also encouraged to take that step.
