

Society of Louisiana  
Certified Public Accountants

You might notice we've had a little work done. In order to make our website fully responsive and easier to navigate across a variety of mobile devices, we've tweaked the formatting and moved a few things around. Nothing major — but just in case you're having trouble finding something, here's a summary of some of the changes and a handy site map to help you find what you're looking for.

We hope the improvements enhance your online experience with us. As always, we welcome your feedback. Send your comments and questions to [Ann Lupo](#). If you still can't find it, give us a call at 504.904.1125 or 504.464.1040, Monday through Friday, 8:00 am – 5:00 pm CT.

- Peer Review --> Advocacy
- News & Tax Alerts --> Resources
