

KEN ANNING GOLF CENTER

**EVERYONE
REGARDLESS OF AGE
OR ABILITY, SHOULD
BE ABLE TO ENJOY
THE GAME OF GOLF.**

The Mission

To provide children and individuals with disabilities the opportunity to learn and enjoy the game of golf by providing them a course designed specifically to meet their unique needs.

Course Concept

- First course in the U.S. with this distinctive design
- 9 hole, par 3 course with no hole longer than 130 yards
- 100% handicap accessible with extra wide cart paths, uniquely designed tee boxes, and flat, easy to navigate cart paths
- Limited number of hazards
- Greens constructed of premium turf material for durability, and designed so that the ball will hit the green and react predictably.
- Players are permitted to use motorized or non-motorized wheelchairs or carts throughout the course regardless of weather.

**COMPLETELY
ACCESSIBLE**

Goals

- Open a door for people with disabilities that may have never been opened before
- Help foster an appreciation and respect for one of the oldest sports known to man
- Teach not only the basic fundamentals of the game, but golf etiquette as well
- People say that golf is a lifetime sport, this unique course will make that a reality!
- To provide in-school and/or after school camps and clinics
- A safe place for youth to occupy their time while learning golf and life skills
