SAVE THE DATE!

**200 Years of
Medicine in our
Nation's Capital**

In 1817, the founding members of the Medical Society of the District of Columbia met and banded together in defense of quality healthcare and advocacy for a healthier future for our Nation's Capital, becoming the first medical society to be chartered by an Act of Congress. On **Saturday, October 21, 2017**, the Medical Society will return to the Willard Hotel, site of its founding meeting for its Bicentennial Celebration. Join us there!

Highlights include:

- Reception and socializing with physicians from across the Metropolitan Washington area
- Attendance by local and national leaders in medicine and politics
- Celebration of the past 200 years of medicine in our Nation's Capital
