NASCLA LAUNCHES NEWLY REDESIGNED WEBSITE

PHOENIX, AZ – JANUARY 2017

The National Association of State Contractors Licensing Agencies (NASCLA) is excited to announce the launch of its newly redesigned website www.nascla.org on January 5, 2017! This new site offers a clean, stream-lined look and has updated features to bring you more of the latest news affecting the construction industry.

NASCLA's Member Resources feature offers a number of ways to keep members informed and in touch with their fellow counterparts:

- **Member Resource Library** – These reference materials will provide literature and resources for consumers, contractors and State Licensing Boards on construction licensing.
- **Member Directory Search** – You are able to search the active member directory to stay connected and engaged with your fellow association members.
- **Manage Member Profile** – All members will now be able to update their bios, edit preferences and view their invoices, payments and history. You now have control on notifications you receive and what information you would like to share with your fellow association members with the click of a button.
- **Track Bills and State Legislation** – NASCLA has partnered with a nationwide legislative tracking platform that tracks legislation across all 50 states and congress. The service updates every 5 minutes with the latest information on the bills and the search navigation feature allows you to search bills independently.
- **Top Regulatory Cases** – This page provides current regulatory cases affecting the construction industry and regulatory agencies.

- **Toolkit for Contractor Regulators** – The NASCLA Toolkit site was developed to provide you with a variety of best practices, outreach and engagement strategies, and sample templates from other states, which you can use to customize your very own programs, policies, and engagement strategies.
- **Contractors Disciplinary Database** – Many of the NASCLA State Members use the database on a daily basis to pre-screen contractor applicants. States can search multiple fields including first/last name, company name or general search. This feature is for State Members Only
- **Community Forums** – NASCLA offers several different forums and encourages postings from members on important information and topics. Our goal for these forums is to have a State Member moderator each quarter who will provide best practices and tips to drive communication and engagement.
 - Executive Director Forum – State Members Only
 - Attorneys
 - Public Information Officers – State Members Only
 - Enforcement/Investigators – State Members Only
 - IT Personnel – State Members Only
 - Contractors
- **Consumer Information** – NASCLA has provided easy access to the State Licensing Regulatory Agencies contact information for consumers through our Licensing Information page. Our Consumer Reference Library provides literature and resources for consumers, contractors and regulatory boards on construction licensing.

With the increased ease of navigation and functionality you will be able to:

- Join or Renew Your Membership Online
- Reset Your Password or Request Your Username in Real Time
- Simpler Social Media Engagement
- Easier Meeting and Event Registration
- New Bookstore Allows You to Utilize a Credit Card or PayPal Account for Purchases
- And So Much More

NASCLA's updated online presence is a significant step forward for our organization. We invite you to help us make www.nascla.org a timely, engaging place for members to share and connect.
