City of Graham awarded grant to update outdoor spaces and increase healthy activity

**Graham N.C.** – Graham Recreation and Parks Department recently received a grant to transform a public area into an imaginative space for families to play and be active outdoors. Blue Cross and Blue Shield of North Carolina (BCBSNC) and the North Carolina Recreation and Park Association (NCRPA) are supporting healthier communities by installing PlayPrints across the state.

PlayPrints are ground markings, or colorful shapes and games that are painted on existing pavement. The bright colors and interactive designs are meant to encourage visitors to take part in more physical activity. Community agencies across North Carolina were invited to apply.

“Receiving a PlayPrints grant at South Graham Park is a helpful step as we continue to grow healthy and active opportunities in our community”, said Melody Wiggins, Director of Graham Recreation and Parks Department. “Park visitors will have new creative ways to engage with our public space and have fun participating in physical activity outdoors.”

PlayPrints will be added to the outdoor basketball court at South Graham Park. This space is currently used throughout the year by teens and adults for basketball only. Overall, the park hosts many day camp children during the summer and PE classes for River Mill Academy, but few children are able to play basketball on the regulation goals. The addition of the PlayPrints will open that space to a wider audience by allowing preschool and elementary children to play four square and hop scotch.

“We want to promote healthy habits at an early age and make it fun for North Carolinians to get outside and get active with their families,” said Kathy Higgins, vice president of corporate affairs at Blue Cross and Blue Shield of North Carolina. “PlayPrints are a simple way to take existing outdoor spaces in our communities and transform them into a center for healthy activity and imaginative play.”

Over the next two years, PlayPrints will be popping up at open play spaces as part of BCBSNC’s Get Outside North Carolina! (GO NC!) program. Go NC! builds healthy and active

lifestyles through the advancement of greenway systems, increased access to public bicycles and the overall promotion of outdoor physical activity.

“Providing fun and creative avenues to engage our communities by adding PlayPrints to our parks and greenways is an exciting way to encourage citizens of all ages to have a little fun while increasing physical activity,” said Michelle Wells, executive director at NCRPA.
