-

CPD Updates: Information Update for our Laboratories and Inspection Agencies

A [revised simulation upload spreadsheet is available](#) with minor modifications to pre-set the number of decimals to the 6th decimal place as required for center-of-glass values, U-factor, and the zero and one values.

A [new excel file of manufacturer names and codes](#) is available for your use when preparing upload spreadsheet.

[Both files are available for download HERE if needed.](#)

For full support email NFRC staff at support@nfr.org.

NFRC Staff Spotlight

Tom Barnett is the Senior Director of Programs for NFRC. Before joining NFRC, Tom worked within the corporate R&D groups for Georgia Pacific and Masco Corporation in various product development and innovation leadership positions for the past 10 years. Prior to that, Tom held various product design and development, project management, and innovation leadership positions across several retail and commercial product categories. Tom is a graduate of the United States Military Academy with a BS in Engineering and also has an MBA from Indiana University-South Bend.

Contact [Tom Barnett](#) if you have questions about NFRC's programs.

The full list of NFRC staff with contact information [can be found HERE](#).

NFRC Meeting Information

Dates through 2018

The following dates have been vetted thoroughly, are published early, and were reported to affiliated industry contacts to avoid potential conflict. Please mark your calendars with the following meeting dates through the fall of 2019:

2018

- Spring Committee Meeting -- March 19-21, 2018
St. Louis, Missouri
- Fall Membership Meeting -- October 8-11, 2018
Albuquerque, New Mexico

2019*

- Spring Committee Meeting -- March 25-27, 2019
Location to be determined
 - Fall Membership Meeting -- September 23-26, 2019
Location to be determined
-

Volunteer Opportunities

- The [ANS Standards Committee](#) is seeking members, particularly in the User and General Interest categories. This group is responsible for the adoption and revisions to ANSI/NFRC 100, ANSI/NFRC 200, and ANSI/NFRC 400, and to ensure the ANSI consensus process is followed. Additional information (including definitions of the member categories) and the applications for the committee may be found on the group page linked or you may contact [Robin Merrifield](#) at 240-821-9513.

Volunteer opportunities are always listed on the [NFRC community](#).

NFRC Billing Information

NFRC offers the ability to pay invoices online. Once logged in, you will see all of the open invoices. This is a secure site and it is PCI Compliant. It will not process payments automatically. If you choose to pay by credit card, click here: [PAYMENT PORTAL](#).

Information on the NFRC billing and invoices may be found in a brief explanatory video, [located HERE](#).

If you have any questions regarding billing or the new portal, please contact us at accounting@nfr.org.

NFRC Update

NFRC envisions a future where every window, door, and skylight purchase decision is made using the NFRC label to evaluate energy performance.
