

Nonprofit Leadership Center of Tampa Bay Announces.....

In partnership with the highly regarded law firm Holland & Knight, the Nonprofit Leadership Center will be able to connect a limited number of nonprofit organizations to pro bono legal services provided by the lawyers of Holland & Knight.

As part of their commitment to the community, Holland & Knight will offer a limited number of pro bono legal services to nonprofit organizations in Hillsborough, Pinellas, and Polk counties.

Services that will be considered for pro bono assistance include review of contracts (e.g. leases, real estate contracts, funding contracts), corporate governance, employment law and related issues.

Nonprofits eligible for consideration will be those that provide services in Hillsborough, Pinellas, and Polk counties, have a budget up to \$4 million, and are not now or have ever been clients of Holland & Knight.

To request services, please address an email to info@nonprofitleadershipcenter.com providing the name of the nonprofit and all contact information, including the email address and phone number for the contact person. In addition, include the mission statement, the budget size, and a brief but specific summary of the need that prompts the request for pro bono legal services.

Please note that it will not be possible to provide an immediate response to the request nor will it be possible to estimate how long it will be before a response is received. This is a pilot project and we have no history to help determine the most efficient process for this service.

Please do not contact Holland & Knight directly. The Nonprofit Leadership Center of Tampa Bay is happy to answer questions by email.
