

LOOKING TO ENGAGE PATIENTS?

www.npsf.org/askme3

TRY ASK ME 3

1.
What is my main problem?

2.
What do I need to do?

3.
Why is it important for me
to do this?

The Ask Me 3 questions are designed to help patients be active members of their health care teams. Encourage patients to use the questions every time they talk with a health care provider.

Ready-to-use products, including patient brochures, buttons, keychain cards, notepads and more, are available through the NPSF Store. Co-branding opportunities available.

Ask Me 3 is an educational program provided by the National Patient Safety Foundation to encourage open communication between patients and health care providers.

To learn more, visit www.npsf.org/askme3.
