

Wednesday, 8 March

8:15	Membership Meeting			
9:15	President's Welcome , Dick Grant			
9:30	Host Committee Welcome & Introduction			
9:45 - 11:00	KEYNOTE —Denny Olson, (Professor Avian Guano, Bir. D.)			
11:05 - 12:00	Principles of Wound Management Workshop Lecture , Julie Whittington, DVM & Nicki Rosenhagen, DVM			
12:00 - 1:15	LUNCH			
Concurrents	Workshop	Workshop	Stakeholders	Waterbirds
1:15-1:45	Avian Imping Jeff Meshach Limited Enrollment	Principles of Wound Management Julia Whittington, DVM, & Nicki Rosenhagen, DVM Limited Enrollment - must attend morning lecture	Making a Larger Impact with Your Patients Jennifer Convy	Thinking like a Duck: Mallards in the City Anne Lewis & April Linton
1:45-2:15			Wildlife Rehabilitation: Making a Meaningful Connection with Your Local Health Department Paula Goldberg	
2:15-2:45			Handrearing Cormorants Isabel Luevano	
2:45-3:15			Avian Protection in the Utility Industry Cristina Frank	Problematic Pelicans Rebecca Duerr, DVM
3:15-3:30	BREAK		BREAK	
3:30-3:45	BREAK		BREAK	
3:45-4:00	Avian Imping Jeff Meshach Limited Enrollment	Principles of Wound Management Julia Whittington, DVM, & Nicki Rosenhagen, DVM Limited Enrollment - must attend morning lecture	Wildlife Rehabilitation Versus Wildlife Veterinary Medicine: Understanding the Rules and Regulations Megan Kirchgessner, DVM	Intracacies & Quirks of Grebe Rehabilitation Kylie Clatterbuck
4:00-4:30			Reclaim, Reuse, Release Bettina Bowers	
4:30-5:00			Your Pane Is Their Pain: An Ounce of Prevention Is Better than a Stay in Rehab Paloma Plant	The Trouble with Tropicbirds Tracy Anderson
5:00-5:30			Raising a Colony of Wedge-tailed Shearwaters Tracy Anderson	
5:30-5:45			BREAK	
5:30-7:00	DINNER			
Concurrents	Herpetile I	Microscopy Open House	USFWS Roundtable	Rabbit Roundtable
7:00-8:00	Basic Turtle Rehabilitation Workshop Lecture La'Toya Latney, DVM	Microscopy Open House Michele Goodman, VMD	A Guide to Federal Permits & You! Resee Collins & Carmen Simonton	Leaping the Rabbit Hurdle: What's New in the World of the Wild Rabbit Diana Leggett
8:00 - 9:00	The Times They Are A-changing: Update on Infectious Diseases in Reptiles & Amphibians La'Toya Latney, DVM			

Program Subject to Modifications

Use this schedule for workshop registration decisions. Workshop lectures and all other sessions are open to all symposium attendees; only workshops have limited enrollment and are marked with shading. Workshops and lectures occur simultaneously as you read across the chart. Do not sign up for workshops that occur at the same time as lectures you plan to attend. Workshop participants must attend the prerequisite lecture. Note both the lecture day and time (usually the day before) to ensure you can attend.

Thursday, 9 March 2017

Concurrents	Workshop	Workshop Lectures	Nutrition	Education & Training			
7:30-8:00	Basic Turtle Rehabilitation La'Toya Latney, DVM	Avian Bandaging Techniques Lecture Nina Schoch, DVM & Michele Goodman, VMD	Nutrition 101 Nicki Rosenhagen, DVM	Wildlife in Underserved Communities Debbie Sykes			
8:00-8:30				Educational Bird Selection Criteria Laurin Huse			
8:30-9:00	Limited Enrollment Must attend lecture Wednesday evening	Adult Avian Critical Care Lecture Flo Tseng, DVM	Wild Food Composition: Duplicating Nature's Nutrient Profiles Ellen Dierenfeld		The Right Bird for the Job or the Right Job for the Bird Jackie Kozlowski		
9:00-9:30				Basic Turtle Rehabilitation La'Toya Latney, DVM	Mammal Fracture Stabilization 'Arts & Crafts' Lecture Shary Parker-Siksay, VMD	Nutritional Supplements: What, Why, and How Rebecca Duerr, DVM	Training Small Owls to Be Educational Ambassadors Gail Buhl
9:30-10:00	Limited Enrollment Must attend lecture Wednesday evening	The Bugs in Your Patient: Wildlife Parasitology Lecture Sherri Cox, DVM	Considerations for Developing Handrearing Protocols: A Nutritionist's Perspective Erin Kendrick				Plush Animals: Who Knew They Could Be Educational? Beth Evans Lott
10:00 - 10:30							That's the Way I've Always Done It Linda McDaniel
10:30-11:00	Limited Enrollment Must attend lecture Wednesday evening	The Bugs in Your Patient: Wildlife Parasitology Lecture Sherri Cox, DVM	Considerations for Developing Handrearing Protocols: A Nutritionist's Perspective Erin Kendrick	That's the Way I've Always Done It Linda McDaniel			
11:00-11:30				LUNCH			
11:30-12:00	LUNCH						
12:00-1:00	LUNCH						
Concurrents	Workshop	Public Outreach	Diseases/Toxicology	Herpetile II			
1:00-1:30	Avian Bandaging Techniques Nina Schoch, DVM, Michele Goodman, VMD	Leading by Example: Considerations for Photo Sharing Kim Rutledge	Emerging Tickborne Diseases in the US Flo Tseng, DVM	A Novel Treatment for Snake Fungal Disease Keith Gold, DVM			
1:30-2:00				Tips for Turtle Rehabilitation Sue Carstairs, DVM			
2:00-2:30	Limited Enrollment Must attend lecture Thursday morning	Answering the Call of the Wild Nathalie Karvonen	Diseases: Mange: Should You? Or Shouldn't You? Tracy Leaver	Treating the Traumatized Turtle Heather Barron, DVM			
2:30-3:00			Avian Influenza: What Do We Need to Know? Madis Leivits, DVM				
3:00-3:30	BREAK						
3:30-4:00	Avian Bandaging Techniques Nina Schoch, DVM, Michele Goodman, VMD	Diving into Fundraising, Public Relations, & Social Media: Part 2 Holly Duvall	Differentiating between Patients Suffering from Bromethalin Exposure, Glioblastoma, & ADV Lucy Stevenot	You Are What You Eat! Optimizing Reptile Nutrition La'Toya Latney, DVM			
4:00-4:30				The Approach to Head & Facial Trauma in Snapping Turtles Leslie Reed, DVM			
4:30-5:00	Limited Enrollment Must attend lecture Thursday morning	Faux Fur, Real FUN: Inspiring the Public Casey Philips	Pesticide Toxicosis in Red-shouldered Hawks Carly Ouzts	Turtle Euthanasia Renée Schott, DVM			
5:00-5:30		Wildlife Rehabilitators as a Resource for the Public Yvonne Wallace-Blane	How Much Does an Eagle Suffer from Lead Poisoning? Madis Leivits, DVM				
5:30-7:00	DINNER						
Concurrents	Enrichment	Storytelling	Euthanasia	Species Specific Roundtable			
7:00-8:00	Fun for the Wild Child: Enrichment in a Rehabilitation Setting Heather Barron DVM	Enhancing your Storytelling Abilities (and Charisma!) Denny Olson	Euthanasia in Wildlife Rehabilitation: Principles & Practice Guthrum Purdin, DVM	Squirrel Roundtable Belen Nibert & Kelli Knight, DVM			
8:00-9:00			Making Time for Enrichment Stephanie Herman		Euthanasia in Wildlife Rehabilitation: Goals & Methods Nicki Rosenhagen, DVM		

Friday, 10 March 2017

Concurrents	Workshop	Behavior	Small Mammals	Raptors		
7:30-8:00	Adult Avian Critical Care Flo Tseng, DVM Limited Enrollment Must attend lecture Thursday morning	Release Considerations Revisited Gail Buhl	Virginia Opossum Care for the 21st Century Lynn Miller, PhD	Notable Cases in Raptor Care: Version 2.0 Patti Reynolds		
8:00-8:30						
8:30-9:00		BREAK	Stress in Wildlife Rehabilitation Patients Renée Schott, DVM	Bringing Up Baby Bats Leslie Sturges	Raptor Feather FUNDamentals Lily Carey	
9:00-9:30					Home Range & Survival of Rehabilitated RT Hawks Jacqueline Edmunds	
9:30-10:00						Managing Feather Contaminants on Wild Raptors: A Case Series Erin Norris
10:00-10:30	Adult Avian Critical Care Flo Tseng, DVM Limited Enrollment Must attend lecture Thursday morning	Behavior & Learning Jackie Kozlowski, Melissa Moore, & Gail Buhl	Orphaned Weasel Rehabilitation Peggy Popp			
10:30-11:00		Behavior Modification in Rehabilitation & Education Melissa Moore, Jackie Kozlowski, & Gail Buhl	Reducing Morbidity & Mortality in Infant Squirrels Eliza Burbank	Osprey Rehabilitation Beth Evans Lott		
11:00-11:30			Tiny Feats for Tiny Feets! Mouse Rehabilitation Casey Philips	Who Goes to See The Wizard? The Rehabilitation/Falconry Interface Laura Edmunds		
11:30-12:00		Behavior Roundtable Melissa Moore, Jackie Kozlowski, & Gail Buhl	Hematological Reference Ranges for Eastern Gray Squirrel Robert Adamski, DVM			
12:00-12:30	LUNCH					
Concurrents	Workshop	Physiology	Maintaining Wildness	Avian		
12:30-1:00	Mammal Fracture Stabilization 'Arts & Crafts' Shary Parker-Siksay, VMD Limited Enrollment Must attend lecture Thursday morning	LUNCH				
1:00-1:30		Under the Fur, Feathers, Scutes, & Scales Sherri Cox, DVM	Fostering for Freedom Peggy Hentz	Reducing Stress with Feeding for the Bird & the Rehabilitator Giselle Chazotte Smisko		
1:30-2:00		Come to your Senses: Managing Conditions of the Ears, Eyes, & Nose Julia Whittington, DVM		Introduction of Surrogate Foxes to Kits Valerie Ackerman	Handrearing & Rehabilitation of North American Swallows Veronica Bowers	
2:00-2:30			BREAK		Postrelease Survival & Behavior of Two Captive-reared Beaver Karen McKenzie	Chimney Swift Rehabilitation Giselle Chazotte Smisko
2:30-3:00		Dental Examination & Pathologies in the Mammal Patient Leslie Reed, DVM		Developing a Successful Raptor Renesting Program Carly Smith		
3:00-3:30	The Squirts: Causes & Treatment of Diarrhea Julia Whittington, DVM					
3:30-4:00		The Physiological Side of Stress Debbie Sykes				
4:00-4:30	Limited Enrollment Must attend lecture Thursday morning					
4:30-5:00						
6:00-6:30	CASH BAR					
6:30-10:30	BANQUET					

Saturday, 11 March 2017

Concurrents	Workshop	Workshop	Large Mammals	Veterinary
7:30-8:00	Songbird Splinting Workshop Erica Miller, DVM <i>Limited Enrollment</i>	The Bugs in Your Patient: Wildlife Parasitology Sherri Cox, DVM <i>Limited Enrollment</i> Must attend lecture Thursday morning		
8:00-8:30			Bobcat Rehabilitation Nina Fischesser	Wildlife Rehabilitation from the Veterinarian's Perspective Julia Whittington, DVM
8:30-9:00			Black Bear Rehabilitation Tracy Leaver	
9:00-9:30			Rehabilitating Orphaned & Injured Beavers Janalene Kingshott	First Things First: Triage & Stabilization of Acute Trauma Patient Sara Ann Seemel, DVM
9:30-10:00	BREAK			
10:00-10:30	Songbird Splinting Workshop Erica Miller, DVM <i>Limited Enrollment</i>	The Bugs in Your Patient: Wildlife Parasitology Sherri Cox, DVM <i>Limited Enrollment</i> Must attend lecture Thursday morning	The Elusive Fisher: Using Biology to Guide its Care in Rehabilitation Lynn Miller, PhD	Refeeding Syndrome: The 'Who, What, & How to Avoid' for the Wildlife Rehabilitator Bethany Groves, DVM
10:30-11:00			Working with the North American Porcupine: A Sticky Subject Katherine Uhler	Ouch, I have a Headache! Management of the Head Trauma Case Sara Ann Seemel, DVM
11:00-11:30				Where's the Break: Avian Fracture Prognosis Rebecca Duerr, DVM
11:30-12:00			Colostrum: A Fawn's Key to Success Nicki Rosenhagen, DVM	
12:00-1:00	LUNCH			
Concurrents	More Mammals	Research	General Topics	Future Symposia
1:00-1:30	Mammal Case Mysteries Tracy Leaver & Heather Freeman	A Retrospective Study on Wildlife Affected by Glue Traps [2011-2015] Ernesto Dominguez Villegas, DVM	Capital Campaigns: The Reality of the Dream Nathalie Karvonen	What it Takes to Host a NWRA Symposium Molly Gezella-Baranczyk
1:30-2:00		Effects of Keel Cushions on Behavior of Western Grebes Entering Rehabilitation Julie Skoglund
