EMPLOYMENT

ASSISTANT GROWER – CONTAINERS

We are a large, expanding wholesale nursery looking for a Container Grower. We are located in Elma, Washington.

Skills include: Scheduling irrigation and plant maintenance, overseeing canning and scouting. Must have ability to communicate verbally and in writing, manage crews and prioritize. Basic computer skills are a must. 2 or 4 year horticulture/ag degree, or 4 years' industry supervisory experience required. We offer a comprehensive benefit package.

Email jnelson@briggsnursery.com or call 360-482-6190 ext. 106 for a detailed job description.

We are always looking for career oriented skilled staff. Our operations include wholesale growing, shipping, landscape contractor sales, and retail nursery. If you have the interest and skills needed to be a part of our team, please apply. We are growers of container and field grown ornamentals.

We are looking for people in the following areas:

- Sales / Customer Service
- Production / Growers / Supervisors
- Shipping and Receiving
- Inventory / Office Management and Admin / Purchasing
- Pesticide / IPM Managers and Applicators
- Irrigation Management / Skilled Laborers

Applicants with specific work experience or education to the nursery industry is desired. Computer skills, Spanish / English, plant ID knowledge, equipment operation.

Pay higher than most in industry, advancement opportunity
Benefits include: paid vacation, holidays, health insurance.
Respond with resume to hnnurseryjobs@loonnursery.com to the specific job for which you qualify.

For more information, please visit us online at www.loonnursery.com

EMPLOYMENT

CONTAINER PRODUCTION FOREMAN—YAMHILL, OR

Job Description: This job is responsible for supervising and coordinating all container-growing operations under the direction of the Container department head.

Duties:

- Coordinates all production teams involved in container shrub, evergreen and rose production.
- Supervises all daily production crew activity.
- Identify plant problems and take appropriate actions to maintain product quality.
- Insure that company policies and safety rules are followed at all times.
- Assist with the development of departmental material, labor and capital budgets.

Requirements:

- Relevant horticulture experience that includes knowledge of ornamental plant material, chemicals and labor management.
- Ability to operate and maintain a variety of farm equipment.
- Ability to communicate with all levels of employees. Bilingual in Spanish is highly desirable.
- Ability to train, supervise, evaluate and coordinate the activities of multiple production crews.
- Valid Oregon Drivers License with insurable driving record.

Salary: This opening is a foreman level position. Wage DOQ.

EMPLOYMENT

CROP PROTECTION SPECIALIST

Lawyer Nursery Inc. in Olympia, WA seeks a qualified candidate who will be responsible for chemical applications for a large bare root nursery, specializing in woody plant production. The person will work with our grower to scout for insect, disease and weed pressure, and maintain established crop protection programs. Responsibilities include applications of crop protection products, such as pesticides, growth regulators, fertilizers and other materials required for the culture and health of 300 species of woody plants.

Qualifications include:

- Post-secondary training, preferably in horticulture, crop production or other agricultural training.
- Experience with farm machinery, pumps, nozzles and spray equipment, including the ability to operate equipment in a safe, efficient manner.
- Excellent communication skills that enable the applicator to complete application records, post signage, and communicate with management, growers and production personnel.
- Must have or be able to acquire a WSDA Private Applicator License, be knowledgeable of IPM and the Worker Protection Standard.

Overall, the successful candidate will have a clear understanding of agricultural chemical application requirements. We are willing to train a qualified, motivated horticulturist who is interested in crop protection.

Email your cover letter and resume to jobs@lawyernursery.com or request a complete Job Description for this position.

EMPLOYMENT

GROWER

A leading Specimen Tree Nursery is looking to fill the position of Grower. Applicants must have a current Pesticide Applicators license and knowledge of IPM. Applicants must be self motivated and like to work with groups. The right candidate must be willing to teach and show workers proper pruning techniques for commercial shade tree production as well as help with various tasks around the nursery. Tree identification is a must as well as pest identification. Full benefit package as well as salary DOE.

Fax resume to 503-357-1352 or email tom@efnursery.com
