Pharmacists, students, and technicians will not want to miss this meeting. This event will provide you with two days of quality continuing education programming including two hours of medication safety and one hour of Ohio jurisprudence, a separate breakout for students, two special networking sessions, exhibits, the annual session of the OSHP House of Delegates, presentation of this year’s awards for excellence in practice, and the opportunity to network with your colleagues and meet old and new friends in fun and friendly surroundings at our third year in this popular location.

Program at a Glance:

**Thursday, April 21:**

7:00 AM  Registration and Continental Breakfast

8:00 AM  Opening Remarks

8:15 AM  Error Reduction Strategies for High-Alert Medications

9:15 AM  Dual Sessions:

  - What You Need to Know: Blood Factors for Hemophilia
  - Ambulatory Care Networking Session

10:15 AM  Updates in Adult Immunization Practices

10:45 AM  Break

11:00 AM  Dual Sessions:

  - (11:00) Meet the Antimicrobial Stewardship Pharmacists
  - (11:00) Technical Difficulties: Challenges and Strategies to Address Pharmacy Technician Turnover
  - (11:30) Expanding the Role of Pharmacy Technicians

12:00 PM  Exhibit program and buffet lunch
Thursday, April 21, continued:
2:00 PM  Dual Sessions:
- Direct Oral Anticoagulants as an Alternative to Warfarin Therapy in Oncology Patients
- Practices in Action: Your Student is Doing What?!?
3:00 PM  Dual Sessions:
- (3:00) Optimizing Pharmacy to Dose Vancomycin Services in Special Populations *(No technician CE)*
- (3:00) Developing Beneficial Introductory Pharmacy Practice Experiences (IPPEs)*
- (3:30) Legislation and Advocacy Elective Longitudinal Rotation *(No technician CE)*
4:00 PM  Dual Sessions:
- (4:00) Why Your OR Needs YOU – Stories from Our Journey with Integrating Clinical Pharmacy Into Perioperative Services
- (4:00) Developing Your Staff into Tomorrow’s Leaders, and Fun Ways to Get Your Pharmacy Team Involved in Community Outreach
- (4:30) Smart Pumps: Driving Change through Data
5:00 PM  House of Delegates – Open Hearing and First Meeting
5:30 PM  Networking Reception sponsored in part by the Council of Ohio Colleges of Pharmacy
6:30 PM  Annual Awards Presentation Banquet

Friday, April 22:
7:00 AM  Registration and Continental Breakfast
8:00 AM  Triple Sessions:
- Using Pharmacogenomic Information to Improve Patient Care
- Elevating Student and Resident Feedback to the Next Level *(No technician CE)*
- A Whole New World: The Transition from Student to Preceptor
8:30 AM  Triple Sessions:
- Pharmacologic Therapies for Multiple Sclerosis: From Injectable to Oral Agents
- Formulary Hot Topics Panel Discussion
- Pharmacy Student Leadership Development Workshop (3 hours)
9:00 AM  Inpatient Use of Parenteral Prostacyclins in an Academic Medical Center
9:30 AM  Dual Sessions:
- Interactive with ACLS! Reviewing the Basics and a 2015 Update
- Bedside Delivery 2.0: Expansion, Optimization, and Success of a 24/7 Bedside Delivery Program
10:00 AM  Break
10:15 AM  - Using Your Entire Pharmacy Staff to Facilitate Change in Departmental Operations
10:45 AM  - Using Technology to Decrease Medication Errors, Improve Pharmacy Efficiency, and Increase Patient Satisfaction Scores: Focusing on the Use of Radiofrequency Identification (RFID) Tags and the Inclusion of Medication Side Effect Stickers Applied to IV Medications
11:15 AM  340b Program Overview
11:30 AM  Luncheon and Installation of OSHP Board of Directors
1:00 PM  Triple Sessions:
- Treatment Options for Carbapenem-Resistant Enterobacteriaceae Bloodstream Infections
- (1:00) Water from a Rock: How to Expand Services without Increasing FTEs
- (1:30) Reinvigorating a Stalled Pharmacy Technician Training Program
- Women in Leadership Networking Session
2:00 PM  Dual Sessions:
- Innovative Critical Care Practice Model
- (2:00) Pharmacy and Finance: A High-Caliber Team to Conquer Direct Medication Cost per Case
- (2:30) LACE Index: Tying Up Loose Ends with Hospital Readmissions
3:00 PM  An Update and Review of Ohio Pharmacy Laws and Rules
4:00 PM  House of Delegates – Second Meeting
IMPORTANT NOTE: Out of environmental concerns, speakers’ handouts will not be distributed to attendees at the Annual Meeting but may be downloaded from OSHP website (www.ohioshp.org). Go to the 77th Annual Meeting information on the website to access the link to the handouts, which will be posted as they are received from the presenters.

Location/Hotel Accommodations:
The OSHP 77th Annual Meeting will be held at the Embassy Suites Columbus Airport, and lodging is available. Reservations can be made by contacting the hotel directly at 614 536-0500. Please identify “Ohio Society of Health-System Pharmacists” to receive the special $135.00 per night rate plus tax. After April 6, the hotel will make reservations at its regular rate on a space available basis. To reach the Embassy Suites take I-670 to the Cassady Avenue exit. The hotel is just west of Cassady Avenue on Airport Drive.

The Embassy Suites offers spacious two-room suites featuring a separate living area with sofa bed and a private bedroom, complimentary cooked-to-order breakfast and complimentary nightly manager’s reception, and complimentary shuttle service to nearby Easton Towne Center, an upscale lifestyle center with numerous restaurants, shopping, spa, theater, and other features.

Thursday Evening Awards Presentation Banquet:
Following a Thursday evening networking reception sponsored in part by the Council of Ohio Colleges of Pharmacy, come join us at a banquet to honor this year’s recipients of OSHP’s various awards for excellence.

Continuing Education Credit:
Pharmacists can receive up to 12.75 hours, and technicians up to 12.25 hours, of continuing education at the 77th Annual Meeting:

Ohio Northern University is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. All program credit is delineated in the individual program information. All programs are knowledge based unless noted otherwise. For all programs administered by Ohio Northern University, please access the online CPE evaluation portal to complete program evaluations and to receive certificates through the website. Directions for this process will be available at the conference with additional posting of information on OSHP’s webpage. All pharmacist participants who wish to be awarded continuing pharmacy education CPE credit must be registered with the CPE monitor. To receive credit, the pharmacist participants must have their CPE Monitor e-profile number and their date of birth in MM/DD format. Once registered, any ACPE-approved CPE will be available via a comprehensive list within the CPE Monitor website. You may do so at the following website:
http://www.nabp.net/programs/cpe-monitor/cpe-monitor-service. Any specific problems with accessing CPE Monitor or setting up your CPE Monitor e-profile number can be addressed directly to NABP through their customer service phone number (847 391-4406) or via their email, custserv@nabp.net.

The Ohio State Board of Pharmacy approves OSHP as a provider of continuing education. OSHP will provide approved continuing education credits for 1 contact hour (0.1 CEU) of Board-approved Ohio Jurisprudence for pharmacists and technicians. OSHP continuing education certificates will be available onsite.

Dress Right:
Business casual dress will be appropriate for all daytime portions of the 77th Annual Meeting. Having a light jacket or sweater available is recommended because meeting room temperatures and personal comfort can vary. Evening/business attire will be appropriate for the Thursday evening awards presentation banquet.

Need More Information?
For more information on this year’s programming, contact Educational Affairs Director Chris Paxos at cpaxos@neomed.edu or Executive Vice President Bob Parsons at 740 373-4949 or bobparsons@aol.com.
Thursday April 21, 2016

Error Reduction Strategies for High-Alert Medications (1 hr)
Speaker: Kelly Besco, PharmD, FISMP, CPPS
OhioHealth - Health-System Medication Safety Coordinator
UAN: 0048-0000-16-053-L05-P/T

Pharmacist Learning Objectives:
1. Describe troublesome process designs that often impact the safe use of high alert medications
2. Identify three key safety principles to use in medication error prevention
3. Differentiate between high leverage and low leverage error reduction strategies

Technician Learning Objectives:
1. Describe troublesome process designs that often impact the safe use of high alert medications
2. Identify three key safety principles to use in medication error prevention
3. Differentiate between high leverage and low leverage error reduction strategies

What You Need to Know: Blood Factors for Hemophilia (1 hr)
Speaker: Mandy Leonard, BS, PharmD, BCPS
Cleveland Clinic - System Director, Drug Use Policy and Formulary Management
UAN: 0048-0000-19-054-L01-P/T

Pharmacist Learning Objectives:
1. Review different types of hemophilia
2. Describe blood factors used in the management of hemophilia
3. List formulary considerations for blood factors
4. Review procurement, billing, and financial impact of blood factors for hemophilia

Technician Learning Objectives:
1. Review different types of hemophilia
2. Describe blood factors used in the management of hemophilia
3. List formulary considerations for blood factors
4. Review procurement, billing, and financial impact of blood factors for hemophilia

Updates in Adult Immunization Practices (30 min)
Speaker: Andrea Pallotta, PharmD, BCPS (AQ-ID), AAHIVP
Cleveland Clinic - Clinical Pharmacy Specialist, HIV and Infectious Diseases
UAN: 0048-0000-16-055-L01-P/T

Pharmacist Learning Objectives:
1. Review updated indications for pneumococcal vaccine in adults
2. Discuss vaccination opportunities in adolescents and young adults
3. Describe indications for herpes zoster immunization

Technician Learning Objectives:
1. Review updated indications for pneumococcal vaccine in adults
2. Identify opportunities for increasing vaccination rates in outpatient pharmacy settings

Meet the Antimicrobial Stewardship Pharmacists (1 hr)
Speakers: Jaclyn Boyle, PharmD, BCPS, Northeast Ohio Medical University - Assistant Professor for Community Pharmacy Innovation; Rachael Craft, PharmD, Southwest General - PGY1 Pharmacy Resident; Sarah Day, PharmD, BCPS, OhioHealth Doctors Hospital - Clinical Pharmacist, Critical Care; Riane Ghamrawi, PharmD, BCPS, University Hospitals Case Medical Center - Clinical Pharmacy Specialist, Adult Antimicrobial Stewardship; Rebecca Margevicius, PharmD, BCPS, Southwest General - Clinical Pharmacy Specialist, Infectious Diseases and Antimicrobial Stewardship; LeAnne Moore, PharmD, BCPS, Rainbow Babies and Children’s Hospital - Clinical Pharmacy Specialist-Antimicrobial Stewardship; Zach Jenkins, PharmD, BCPS, Cedarville University - Assistant Professor of Pharmacy Practice; Atrium Medical Center - Clinical Pharmacy Specialist, Infectious Disease
UAN: 0048-0000-16-056-L04-P/T

Pharmacist Learning Objectives:
1. Identify the impetus for OSHP to focus on the Pharmacy Practice Model Initiative’s recommendation related to antimicrobial stewardship
2. Explain one method of implementing or expanding an antimicrobial stewardship program within my institution

Technician Learning Objectives:
1. Identify the impetus for OSHP to focus on the Pharmacy Practice Model Initiative’s recommendation related to antimicrobial stewardship
2. Explain the purpose of an antimicrobial stewardship program
Technical Difficulties: Challenges and Strategies to Address Pharmacy Technician Turnover (30 min)
Speakers: Katie McKinney, PharmD, BCPS, UC Health, University Hospital - Director, Pharmacy Services and Tyler Vest, University of Cincinnati - Student Pharmacist
UAN: 0048-0000-16-057-L04-P/T
Pharmacist Learning Objectives:
1. Review pharmacy technician turnover metrics at the University of Cincinnati Medical Center
2. Recognize the impact and costs associated with pharmacy technician turnover
3. Discuss ways to decrease pharmacy technician turnover
4. Assess directions to increase pharmacy technician engagement
Technician Learning Objectives:
1. Identify how pharmacy technician turnover can affect the department of pharmacy
2. Evaluate the importance of pharmacy technician engagement

Expanding the Role of Pharmacy Technicians (30 min)
Speaker: Devan Doss-DuPrée, CPhT
Cleveland Clinic - Clinical Analyst I
UAN: 0048-0000-16-058-L04-P/T
Pharmacist Learning Objective:
1. Discuss growth opportunities within the workplace
Technician Learning Objectives:
1. Discuss Discover growth opportunities within the workplace
2. Describe a niche area available to pharmacy technicians
3. Create a strategic plan to accomplish your growth goals

Direct Oral Anticoagulants as an Alternative to Warfarin Therapy in Oncology Patients (1 hr)
Speaker: Cindy Brucato, PharmD, BCACP, CACP, Summa Health System - Clinical Pharmacist and Chelsea Manion, PharmD, BCPS, Cedarville University - Assistant Professor of Pharmacy Practice; OhioHealth Riverside Methodist Hospital - Clinical Oncology Pharmacist
UAN: 0048-0000-16-059-L01-P/T APPLICATION BASED
Pharmacist Learning Objectives:
1. Review the pathophysiology and risk of thrombosis in oncology patients
2. Evaluate recent literature regarding use of direct oral anticoagulants for treatment of thrombosis in oncology patients
3. Discuss possible unique drug interactions between direct oral anticoagulants and chemotherapy agents
4. Apply literature to specific oncology patient cases in clinical practice
Technician Learning Objectives:
1. Discuss rationale for increased risk of thrombosis in oncology patients
2. Identify the medications in the class of direct oral anticoagulants
3. Explain the indications for direct oral anticoagulants
4. Describe common concerns for the use of anticoagulants in the oncology patient population

Practices in Action: Your Student is Doing What?!? (1 hr)
Speaker: Thomas Achey, PharmD
Cleveland Clinic - Health-System Pharmacy Administration Resident
UAN: 0048-0000-16-060-L04-P/T
Pharmacist Learning Objectives:
1. Describe current pressures for health-systems, pharmacy departments, and academia
2. Identify current practices in action, both experiential and employment, utilizing students as pharmacist extenders
3. Describe common barriers affecting incorporation of students into practice
Technician Learning Objectives:
1. Describe current pressures for health-systems, pharmacy departments, and academia
2. Identify current practices in action, both experiential and employment, utilizing students as pharmacist extenders
3. Describe common barriers affecting incorporation of students into practice

Optimizing Pharmacy to Dose Vancomycin Services in Special Population (1 hr)
Speakers: Rachael Craft, PharmD, Southwest General - PGY Pharmacy Resident and Rebecca Margevicius, PharmD, BCPS, Southwest General - Clinical Pharmacy Specialist, Infectious Diseases and Antimicrobial Stewardship
UAN: 0048-0000-16-061-L01-P
Pharmacist Objectives:
1. Describe the basic pharmacokinetic and pharmacodynamic principles of vancomycin
2. Predict how pharmacokinetic changes in specific patient populations may alter vancomycin concentrations
3. Strategize dosing methods to expand antimicrobial stewardship efforts

Developing Beneficial Introductory Pharmacy Practice Experiences (IPPEs) (30 min)
Speaker: Jacalyn Rogers, MS, PharmD, BCPS, CHM
Rainbow Babies and Children’s Hospital - Pediatric Pharmacy Manager
UAN: 0048-0000-16-062-L04-P/T
Pharmacist Learning Objectives:
1. Identify the barriers to taking IPPE students within a health-system
2. Assess one hospital’s rationale for taking IPPE students
3. Review the essential elements of an effective IPPE program
4. Describe the benefits for the students and the pharmacy of creating an effective IPPE program

Technician Learning Objectives:
1. Identify the barriers to taking IPPE students within a health-system
2. Assess one hospital’s rational for taking IPPE students
3. Review the essential elements of an effective IPPE program
4. Describe the benefits for the students and the pharmacy of creating an effective IPPE program

Legislation and Advocacy Elective Longitudinal Rotation (30 min)
Speakers: Hilary Navy, PharmD, HealthSpan - PGY1 Pharmacy Resident and Katelyn Simmons, PharmD, HealthSpan - PGY1 Pharmacy Resident
UAN: 0048-0000-16-063-L04-P

Pharmacist Learning Objectives:
1. Discuss why pharmacist involvement in advocacy is critical to drive legislative impact
2. Explain the rationale for creating a Legislation and Advocacy Elective for pharmacy residents
3. Create learning objectives for a quality advocacy learning experience
4. Discuss various ways in which students, residents, and practicing pharmacists can get involved in advocacy

Why Your OR Needs You - Stories from Our Journey with Integrating Clinical Pharmacy into Perioperative Services (1 hr)
Speakers: Brian Kramer, PharmD, Grant Medical Center - Clinical Pharmacist; Sara Jordan, PharmD, BCPS, Grant Medical Center - Clinical Pharmacist; Adam Trimble, PharmD, Grant Medical Center - Clinical Pharmacist; Elise Weyrauch, PharmD, BCPS, Grant Medical Center - Clinical Pharmacist; Lauren Wood, PharmD, Grant Medical Center - Staff Pharmacist
UAN: 0048-0000-16-064-L04-P/T

Pharmacist Learning Objectives:
1. Identify potential roles for the pharmacist in the perioperative arena
2. Describe clinical pharmacist interventions to optimize perioperative medications

Technician Learning Objective:
1. Describe ways the OR pharmacy technician can support clinical pharmacist functions

Developing Your Staff into Tomorrow’s Leaders, and Fun Ways to Get Your Pharmacy Team Involved in Community Outreach (30 min)
Speaker: Jason Milner, PharmD
Cleveland Clinic South Pointe Hospital - Director of Pharmacy
UAN: 0048-0000-16-065-L04-P/T

Pharmacist Learning Objectives:
1. Identify community outreach opportunities in your geographic area
2. Facilitate getting pharmacy staff involvement
3. Explain ways to engage staff in interacting with patients outside the walls of the facility
4. Develop long term relationships with the community
5. Facilitate a department environment that encourages leadership growth
6. Investigate each staff member’s professional development plan
7. Identify and develop staff with creating new professional experiences

Technician Learning Objectives:
1. Identify community outreach opportunities in your geographic area
2. Facilitate getting pharmacy staff involvement
3. Explain ways to engage staff in interacting with patients outside the walls of the facility
4. Develop long term relationships with the community
5. Facilitate a department environment that encourages leadership growth
6. Investigate each staff member’s professional development plan
7. Identify and develop staff with creating new professional experiences

Smart Pumps: Driving Change through Data (30 min)
Speaker: Joseph Moss, PharmD, MBA
University Hospitals Case Medical Center - System Clinical Informatics Pharmacist
UAN: 0048-0000-16-066-L05-P/T

Pharmacist Learning Objectives:
1. Discuss factors leading to smart pump alert fatigue
2. Identify data elements to make drug library changes
3. Develop a review process to decrease nuisance alerts

Technician Learning Objective:
1. Describe factors leading to smart pump alert fatigue
Friday, April 22, 2016

Using Pharmacogenomic Information to Improve Patient Care (30 min)
Speaker: Dave Ferris, PharmD, CGP
Southwest General Hospital - Clinical Pharmacy Manager
UAN: 0048-0000-16-067-L04-P/T
Pharmacist Learning Objectives:
1. Explain the concept of pharmacogenomics
2. Describe the significance of genetic testing
3. Counsel a person about their particular genomic results
4. Apply pharmacogenomics into a pharmacist’s practice
Technician Learning Objectives:
1. Discuss the role of pharmacogenomics in medication therapy
2. List methods to increase understanding and reduce the fear of genetic testing

Elevating Student and Resident Feedback to the Next Level (30 min)
Speaker: Benjamin King, PharmD
AxessPointe Community Health Center - Clinical Coordinator
UAN: 0048-0000-16-068-L04-P
Pharmacist Learning Objectives:
1. Discuss the importance of effective feedback
2. Discuss appropriate preparation for feedback sessions
3. Develop self-assessment skills for learners
4. List and describe key components to effectively provide constructive feedback

A Whole New World: The Transition from Student to Preceptor (30 min)
Speakers: Ally Hiznay, PharmD, BCPS, Cleveland Clinic Lakewood Hospital - Pharmacist and Ashley Ramp, PharmD, Cleveland Clinic Lakewood Hospital - Pharmacist
UAN: 0048-0000-16-069-L04-P/T
Pharmacist Learning Objectives:
1. Identify the skills necessary to become a more effective preceptor by employing the “BECOME a Preceptor” acronym and formulating responses to complex preceptor situations
2. Develop a preceptor development plan for themselves by the conclusion of the workshop
3. Utilize effective summative and formative assessment tools in evaluating student performance
Technician Learning Objectives:
1. Identify the skills necessary to become a more effective preceptor by employing the “BECOME a Preceptor” acronym and formulating responses to complex preceptor situations
2. Develop a preceptor development plan for themselves by the conclusion of the workshop

Pharmacologic Therapies for Multiple Sclerosis: From Injectable to Oral Agents (30 min)
Speaker: Kiranpal Singh Sangha, PharmD
UC Medical Center - Clinical Pharmacy Specialist, CNS
UAN: 0048-0000-16-070-L01-P/T
Pharmacist Learning Objectives:
1. List three oral therapies for multiple sclerosis
2. Describe dosing of common injectable therapies for multiple sclerosis
3. List a common adverse effect for the interferon products
Technician Learning Objectives:
1. List three oral therapies for multiple sclerosis
2. Describe storage of common therapies for multiple sclerosis

Inpatient Use of Parenteral Prostacyclins in an Academic Medical Center (30 min)
Speaker: Maria Guido, PharmD, BCPS
University of Cincinnati Medical Center - Clinical Pharmacy Specialist, Internal Medicine
UAN: 0048-0000-16-071-L01-P/T
Pharmacist Learning Objectives:
1. Describe the use of parenteral prostacyclin analogs (PPAs) in pulmonary arterial hypertension
2. Review potential errors associated with PPAs in the inpatient setting
3. Outline an academic medical center’s process for use of PPAs in hospitalized patients
Technician Learning Objectives:
1. Describe the use of parenteral prostacyclin analogs (PPAs) in pulmonary arterial hypertension
2. Review potential errors associated with PPAs in the inpatient setting
3. Outline an academic medical center’s process for use of PPAs in hospitalized patients
Formulary Hot Topics Panel Discussion (1 hr)
Speakers: Amy Beatty, PharmD, BCPS, OhioHealth - Clinical Director, Pharmacy Services; Indrani Kar, PharmD, University Hospitals - Clinical Pharmacy Specialist, Drug Policy/Formulary; Ellen Keating, PharmD, BCPS, The Ohio State University Medical Center - Clinical Pharmacy Specialist and Medication Use Evaluation Coordinator; Mandy Leonard, BS, PharmD, BCPS, Cleveland Clinic - System Director, Drug Use Policy and Formulary Management; Susan Mashni, PharmD, BCPS, Mercy Health - Chief Pharmacy Officer; Drug Policy Development Specialist; Virginia Ruef, PharmD, Mount Carmel Health System - Pharmacy Regional Manager, Clinical Practice; Sheila Takieddine, PharmD, BCPS, UC Health - Clinical Pharmacy Specialist, Drug Policy Development; Geralyn Waters, PharmD, BCPS, UC Health - Drug Policy Development Specialist
UAN: 0048-0000-16-072-L04-P/T APPLICATION BASED
Pharmacist Objectives:
1. Evaluate differences between formulary structures
2. Identify standard elements for formulary evaluation
3. List operational components of formulary management
4. Describe hot topics in formulary management
Technician Objective:
1. Describe hot topics in formulary management

Interactive with ACLS! Reviewing the Basics and a 2015 Update (30 min)
Speakers: Dan Israel, PharmD, Grandview Medical Center - PGY1 Pharmacy Resident and Nick Wolters, PharmD, Grandview Medical Center - Clinical Pharmacist
UAN: 0048-0000-16-073-L01-P/T
Pharmacist Learning Objectives:
1. Describe the pharmacist’s role in code response
2. Review pharmacotherapy treatment options in ACLS
3. Summarize key changes in the 2015 AHA Guidelines for CPR and ECC
Technician Learning Objective:
1. Review key pharmacologic components of crash carts

Bedside Delivery 2.0: Expansion, Optimization, and Success of a 24/7 Bedside Delivery Program (30 min)
Speaker: Matthew Hoover, PharmD, BCCCP, BCPS
Cleveland Clinic Marymount - Pharmacy Manager
UAN: 0048-0000-16-074-L04-P/T
Pharmacist Learning Objectives:
1. Explain the importance of patient and caregiver education for successful expansion of a bedside delivery program
2. Describe methods of optimizing a bedside delivery program

Technician Learning Objectives:
1. Explain the importance of patient and caregiver education for successful expansion of a bedside delivery program
2. Describe methods of optimizing a bedside delivery program

Using Your Entire Pharmacy Staff to Facilitate Change in Departmental Operations (30 min)
Speaker: Michael Jakubecz, RPh, MBA
Cleveland Clinic Hillcrest Hospital - Director of Pharmacy
UAN: 0048-0000-16-075-L04-P/T
Pharmacist Learning Objectives:
1. Describe the process for getting the staff involved in projects
2. Describe successes and failures of the groups

Technician Learning Objectives:
1. Describe the process for getting the staff involved in projects
2. Describe successes and failures of the groups

Using Technology to Decrease Medication Errors, Improve Pharmacy Efficiency, and Increase Patient Satisfaction Scores: Focusing on the Use of Radiofrequency Identification (RFID) Tags and the Inclusion of Medication Side Effect Stickers Applied to IV Medications (30 min)
Speakers: Lisa Brady, PharmD, St. Rita’s Medical Center - Pharmacy Supervisor and Nancy Rampe, PharmD, St. Rita’s Medical Center - Pharmacy Manager/Medication Safety Coordinator
UAN: 0048-0000-16-076-L05-P/T
Pharmacist/Technician Learning Objectives:
1. Discuss information regarding the HCAHPS question related to medications
2. Review the sticker labeling process implemented at St. Rita’s
3. Identify improved results in scoring for the medication question on the HCAHPS survey
340B Program Overview (15 min)
Speakers: Katie McKinney, PharmD, BCPS, UC Health, University Hospital - Director, Pharmacy Services and Kevin Williams, PharmD
Candidate, University of Cincinnati - Student Pharmacist
UAN: 0048-0000-16-077-L04-P/T
Pharmacist Learning Objectives:
1. Introduce the importance of 340B drug pricing
2. Discern which entities are eligible and what drug can be purchased under the program
3. Establish the pharmacist’s role in maintaining 340B inventory
4. Establish how pharmacists play a role in maintaining compliance
Technician Learning Objectives:
1. Introduce the importance of 340B drug pricing
2. Discern which entities are eligible and what drug can be purchased under the program
3. Establish the technician’s role in maintaining 340B inventory
4. Establish how technicians play a role in maintaining compliance

Treatment Options for Carbapenem-Resistant Enterobacteriaceae Bloodstream Infections (1 hr)
Speaker: Kaitlyn Rivard, PharmD
Cleveland Clinic - PGY2 Infectious Diseases Pharmacy Resident
UAN: 0048-0000-16-L01-P/T
Pharmacist Learning Objectives:
1. Define carbapenem-resistant enterobacteriaceae (CRE)
2. Describe the morbidity and mortality associated with CRE bloodstream infections
3. Analyze current literature evaluating various treatment options for CRE bloodstream infections
Technician Learning Objective:
1. Define carbapenem-resistant enterobacteriaceae (CRE)

Water from a Rock: How to Expand Services Without Increasing FTEs (30 min)
Speaker: Drew Luder, PharmD, BCPS
Doctors Hospital - Site Manager, Pharmacy Services
UAN: 0048-0000-16-079-L04-P/T
Pharmacist Learning Objectives:
1. Explain the process for requesting and justifying additional resources as well as potential reasons for denial
2. List common opportunities for improvement in hospital pharmacy efficiency
3. Name the key stakeholders for implementation of clinical services
4. Understand methods available to provide services with partial resources
Technician Learning Objectives:
1. List common opportunities for improvement in hospital pharmacy efficiency
2. Explain activities that pharmacy technicians can perform without pharmacist oversight

Reinvigorating a Stalled Pharmacy Technician Training Program (30 min)
Speakers: Tara Hannum, CPhT, Cleveland Clinic - Program Director and Corey McEwen, PharmD, Cleveland Clinic Children’s Hospital - Inpatient Pharmacy Manager
UAN: 0048-0000-16-080-L04-P/T
Pharmacist Learning Objective:
1. Describe new ASHP/ACPE accreditation standards
Technician Learning Objectives:
1. Outline a marketing plan for successful recruitment
2. Describe curriculum requirements of an accredited program

Innovative Critical Care Practice Model (1 hr)
Speaker: Amanda Hansen, PharmD, MH, FACHE
Cleveland Clinic - Assistant Director of Pharmacy
UAN: 0048-0000-16-081-L04-P/T
Pharmacist Learning Objectives:
1. Recognize health-system impact on critical care practice
2. Describe the critical care practice model transition
Technician Learning Objective:
1. Review global care needs for critical care patients

Pharmacy and Finance: A High-Caliber Team to Conquer Direct Medication Cost per Case (30 min)
Speaker: Rebecca Taylor, PharmD, MBA
Cleveland Clinic Marymount - Director, Department of Pharmacy
UAN: 0048-0000-16-082-L04-P/T
Pharmacist Learning Objectives:
1. Discuss opportunities to review finance data for medication use
2. Utilize evidence-based guidelines to drive medication therapy

Technician Learning Objective:
1. Discuss process for selecting less expensive agents on the formulary

LACE Index: Tying Up Loose Ends with Hospital Readmissions (30 min)
Speaker: Nick Patykiewicz, PharmD
Cleveland Clinic - Health-System Pharmacy Administration Resident
UAN: 0048-0000-16-083-L04-P/T
Pharmacist Learning Objectives:
1. Identify independent risk factors for unplanned readmissions
2. Discuss readmission risk prediction models and common pitfalls associated with risk assessment stratification
3. Review primary literature relating to the derivation and validation of the LACE index

Technician Learning Objectives:
1. Identify independent risk factors for unplanned readmissions
2. Discuss readmission risk prediction models and common pitfalls associated with risk assessment stratification

An Update and Review of Ohio Pharmacy Laws and Rules (1 hr)
Speaker: TBA
Ohio In-state Program Provider Number 036-152-16-001-L03 P/T
Pharmacist/Technician Learning Objectives:
1. Discuss recent changes to Ohio laws affecting pharmacy practice
2. Discuss recent changes to Ohio administrative rules affecting pharmacy practice
MEETING REGISTRATION: (Or register ONLINE at www.ohioshp.org)
