

Water System Inspection Field Technician (Pittsburgh)

Field & Technical Services LLC (FTS) is a certified small business founded in 2006 in response to a growing need for professional environmental technicians who could provide expert Operations, Maintenance, and Monitoring (OM&M) support. FTS is a nationwide provider of environmental technical services. Our expanding workload in the Oil & Gas sector has created immediate full time opportunities for Water System Inspection Field Technicians operating out of our Carnegie, PA office.

POSITION RESPONSIBILITIES

- Inspection of fittings/valves along pipelines transferring fresh and/or produced water in accordance with a site-specific plan. Inspections include a check for any potential spills, liner holes, overflow, leakage, vandalism, and compliance items (i.e., proper signage and site permit copies are maintained);
- Inspections of storage and transfer facilities containing un-drained or stored freshwater or produced water in accordance with a site-specific plan. Inspections include a check for any potential spills, liner holes, overflow, leakage, vandalism, and compliance items (i.e., proper signage and site permit copies are maintained); and,
- Preparation of field inspection reports including field notes and photo logs capturing operational features, signage, issues and concerns.

MINIMUM QUALIFICATIONS

Any combination of education, experience and training equivalent to graduation from high school: plus two years of work experience. Candidate must have a valid driver's license.

PREFERRED QUALIFICATIONS

- Clear and concise oral and written communication.
- Ability to read and understand site-specific Water Management Plan (WMP), Metering/Intake Plan, Groundwater Protection Plan (GPP), and Spill Prevention I Response Plans.
- Excellent organizational skills.
- Experience using Microsoft Office computer software.
- Previous Safeland training or experience in the Oil & Gas industry is a plus.

PHYSICAL REQUIREMENTS

This position requires one to be able to walk/traverse rough, icy, broken terrain; go up and down steep hills and slopes. Must have the ability to work in extreme temperatures and inclement weather conditions.

All required safety and other training required for the position will be provided by the company.

FTS offers an excellent benefits package, including health and dental insurance, 401(k) with company matching, profit sharing, and incentive bonus program. Salary is commensurate with experience & qualifications.
