Preliminary Program
2012 Annual Meeting

February 13, 2012
Journal Editors’ Meeting

1. Pre-Conference Workshop
   Training
   Wednesday
   2:00 PM-5:00 PM
   MR 2A/132
   
   Research on Training and Development of Psychotherapists
   
   David E. Orlinsky — University of Chicago, USA
   Bernhard Strauss — Friedrich-Schiller-Universität Jena, Germany
   Clara E. Hill — University of Maryland, College Park, USA
   Jan Carlsson — Karolinska Institute, Stockholm, Sweden
   Louis G. Castonguay — Penn State University, University Park, USA

2. Pre-Conference Workshop
   Computer
   Wednesday
   2:00 PM-5:00 PM
   MR 2CD/126
   
   Using social media and on-line technology to promote communication among psychotherapy researchers
   
   Malena Braun — Universidad de Belgrano, Buenos Aires, Argentina
   Kelly Wagner Bolger — New School University, New York, USA
   Kim de Jong — Erasmus University Medical Center, Rotterdam, Netherlands
   Nick Midgley — Anna Freud Center, London, UK
   Mikael Leiman — University of Eastern Finland, Joensuu
   Armin Hartmann
   Sven Schneider
   Kathryn Moertl
4. General Overview of the CBASP Model of Psychotherapy for Chronic Depression Disorder

James P. McCullough, Jr. — Virginia Commonwealth University, USA

5. Interpersonal Psychotherapy (IPT)

Paula Ravitz — University of Toronto, Canada
Helen Verdeli — Columbia University, New York, USA
Neerja Chowdhary — London School of Hygiene and Tropical Medicine, UK
Scott Stuart — University of Iowa, USA

6. Meta-analysis for psychology researchers: A practical application of basic and advanced meta-analytic procedures.

AC Del Re — Stanford University, Palo Alto, USA
**Pre-Conference Workshop**
**Disorder**
*Wednesday*

2:00 PM - 5:00 PM
MR 4A/63

---

**From IV to 5: Ethical Implications of the New DSM**

Marna S. Barrett — University of Pennsylvania, Philadelphia, USA

Dominic A. Sisti — University of Pennsylvania, Philadelphia, USA

7.

---

**Pre-Conference Workshop**
**Assessment**

*Wednesday*

2:00 PM - 5:00 PM
MR 4B/63

---

**Developing Reliable Clinical Case Formulations**

John T. Curtis — University of California, San Francisco, USA

---

8.

---

**Pre-Conference Workshop**
**Neuroscience**

*Wednesday*

2:00 PM - 5:00 PM
MR 4C/133

---

**Should the findings of neuroscience research be incorporated into psychotherapy?**

Timothy J. Strauman — Duke University, Durham, USA

Gregory G. Kolden — University of Wisconsin, Madison, USA

Wolfgang Lutz — Universität Trier, Germany

Paulo P.P. Machado — Universidade do Minho, Braga, Portugal

9.

---

**Pre-Conference Workshop**
**Process**

*Wednesday*

2:00 PM - 5:00 PM
MR 5A/91

---

**Application of the Psychotherapy Process Q-set (PQS)**

Carolina Seybert — University of Ulm, Germany

Ingrid Ehardt — Ludwig-Maximilians-Universität, Munich, Germany

Raymond Levy — Massachusetts General Hospital, harvard Medical School

Stuart Ablon — Harvard Medical School, Boston, USA

10.

---

**Opening Welcome**

George Silberschatz (Program Chair) — University of California, San Francisco, USA
Wednesday 6:00 PM - 6:30 PM
Ballroom 1

11.

**Presidential Plenary Address**

Guillermo de la Parra (President SPR), University of Chile

Wednesday 6:30 PM - 8:00 PM
Ballroom 1

12.

**Welcome Reception**

Wednesday 8:00 PM - 10:00 PM
Ballroom 2

13.

**Breakfast**

Thursday 7:00 AM - 8:30 AM
Ballroom Two-Three

14.
Structured Discussion
Culture
Thursday
8:30 AM-10:00 AM
MR 2B/133
Moderators:
Alberta Eveline Pos, York University, Canada; Marna S. Barrett, University of Pennsylvania, Philadelphia, USA

15.

Six women presidents of SPR discuss the case for gender diversity in leadership, and mentoring the next generation of women leaders.

Discussants:
Clara E. Hill, University of Maryland, College Park, USA
Lynne Angus, York University, Canada
Hadas Wiseman, University of Haifa, Israel
Irene Elkin, University of Chicago, USA
Lorna Smith Benjamin, University of Utah, Salt Lake City, USA
Karla Moras

Panel
Culture
Thursday
8:30 AM-10:00 AM
MR 1C/144
Moderator
Denise Defey, University of Uruguay, Montevideo

16.

Culture-competent and respectful psychotherapy training and treatment (I)

Training prospective therapists in culture-respectful psychotherapies
Denise Defey — University of Uruguay, Montevideo
Toward integration of cultural concerns and conceptualizations of potentially harmful psychological treatments
Dennis Charles Wendt — University of Michigan, Ann Arbor, USA
Joseph P. Gone, Donna K. Nagata
Cultural adaptation of the Systematic Treatment Selection Innerlife (STS-Innerlife) with an urban mainland China sample
Xiaoxia Song — Ohio University, Athens, USA
Larry E. Beutler, Timothy Anderson, Guohong Wu, Shijin Sun, Satoko Kimpara, Lindsey Hogan, Aaron Michelson, Andrew Smith McClintock
Attachment and the tripartite model of the therapeutic relationships

Therapist attachment style, analyses and the examination of mediation and moderation

John Jackson — University of Maryland, College Park, USA
Avantika Bhatia, Beatriz Palma, Charles J. Gelso, Clara E. Hill

The interrelations among attachment, countertransference, real relationship, and both session and therapy outcome

Beatriz Palma — University of Maryland, College Park, USA
John Jackson, Avantika Bhatia, Charles J. Gelso, Clara E. Hill

The role of attachment as a moderator in the relationship between transference and insight

Avantika Bhatia — University of Maryland, College Park, USA
Beatriz Palma, John Jackson, Charles J. Gelso, Clara E. Hill

Discussant:
Barry Farber, Columbia University, New York, USA

Mindfulness-based interventions with clinical populations: Researches and experiences

A mindfulness-based intervention for people with amyotrophic lateral sclerosis

Francesco Pagnini — Catholic University of Sacred Heart, Milan, Italy
Mindfulness, mental Health, and motherhood
Anna R. Brandon — University of North Carolina, Chapel Hill, USA
Crystal Schiller, Rebecca Siegel, Samantha Meltzer-Brody

The application of mindfulness for interpersonal dependency: Effects of a brief intervention

Andrew Smith McClintock — Ohio University, Athens, USA
The role of therapeutic alliance in mindfulness interventions
Simon B. Goldberg — University of Wisconsin, Madison, USA
James M. Davis, William T. Hoyt

Discussant:
Gian Mauro Manzoni, Istituto Auxologico Italiano, Italy

Severe adolescent psychopathology: Precursors, prediction, prevention and psychotherapy processes

Investigation of defense mechanisms and personality traits in high risk adolescents

Mariagrazia Di Giuseppe — University of Rome, Italy
John Christopher Perry

Adolescent violence and the predictive patterns of language
Nick Midgley, Anna Freud Center, London, UK

19.

Gerald Ronning — University of Minnesota, Minneapolis, USA
Family-Based Cognitive Behavioral Therapy Prevention Program for Adolescents at High Risk for Psychosis

Yulia Landa — Weill Cornell Medical College, New York, USA
Kim Mueser, Valerie F. Reyna, David A. Silbersweig, Erica Shreck, Charles E. Glatt, John Walkup
The development and validation of the Adolescent Psychotherapy Q-set (APQ)

Ana Calderón — University College, London, UK
Nick Midgley, Celeste Schneider, Mary Target

Discussant:
Marc J. Noom, Leiden University Medical Center, The Netherlands

Panel
Measures
Thursday
8:30 AM-10:00 AM
MR 3D/63

Moderator
Soo Jeong Youn, Penn State University, University Park, USA

Exploring different outcome measures and their ability to detect change

Sensitivity to change of the CCAPS
Soo Jeong Youn — Penn State University, University Park, USA
Andrew Athan McAleavey, Samuel Schieffelin Nordberg, Louis G. Castonguay, Benjamin D. Locke, Jeffrey Hayes

Responsiveness of two outcome measures used in session by session monitoring
Jeremy Edward Halstead — SWYPFT and Leeds University, UK
Chris Leach, Joanne Lloyd, Mike Lucock, Samantha Tucker

Psychometric properties and sensitivity to change of short outcome measures in clinical outpatients and non-clinical environments
Ivan Armijo — Universidad Gabriela Mistral, Santiago, Chile
Panel
Experiential/EFT
Thursday
8:30 AM-10:00 AM
MR 3E/63
Moderator
Ladislav Timulak, Trinity College, Dublin, Ireland

Transforming core painful emotions in emotion-focused therapy for depression and anxiety difficulties

Transforming shame and loneliness in a emotion focused therapy for depression: An analysis of two successful outcome cases
_Ladislav Timulak — Trinity College, Dublin, Ireland_

Andrew Dillon, Shiohban McNally, Leslie Greenberg

Emotion-focused case conceptualization of generalized anxiety disorder: Underlying core emotional pain in clients with generalized anxiety disorder
_Katie O’Brien — Trinity College, Dublin, Ireland_

Ladislav Timulak, James McElvaney, Leslie Greenberg

A conversation analysis of self-soothing work in emotion-focused therapy
_Olga Sutherland — University of Guelph, Canada_

Robert Elliott, Robert Elliott

Discussant:
Rhonda Goldman, Argosy University, Schaumburg, USA

Panel
Anxiety
Thursday
8:30 AM-10:00 AM
MR 4A/63
Moderator
Ignacio Etchebarne, Universidad de Belgrano, Buenos Aires, Argentina

Research about approaches to generalized anxiety disorder

Experimental examination of the contrast avoidance model in generalized anxiety disorder: Implications for treatment
_Sandra Jean Llera — Penn State University, University Park, USA_

Michelle G. Newman

The impact of motivational interviewing on interpersonal processes within cognitive behavioral therapy for generalized anxiety
_Angela Kertes — York University, Canada_

Henny Westra

Clinical approach to worry in generalized anxiety disorder by psychoanalytic and cognitive therapists
_Santiago Juan — CONICET, Universidad de Buenos Aires, Argentina_

Paula Balbi, Ignacio Etchebarne, Andres Roussos

Discussants:
Clara E. Hill, University of Maryland, College Park, USA
Louis G. Castonguay, Penn State University, University Park, USA
Panel
Change Process
Thursday
8:30 AM-10:00 AM
MR 4B/63
Moderator
Michael Basseches, Suffolk University, Boston, USA

23.

Psychotherapy change mechanisms from the perspective of viewing psychotherapy as a developmental process

Tracking development through non-verbal and verbal interaction: Change mechanisms in a case of "body-oriented" psychotherapy
Alison Thomas — Suffolk University, Boston, USA
Michael Basseches, Katharine Smidt, Vanessa Alvarez, Megan Clapp

Tracking development through conflict resolution: Change mechanisms in a case of couples therapy
Vanessa Alvarez — Suffolk University, Boston, USA
Megan Clapp, Michael Basseches, Katharine Smidt, Alison Thomas

The importance of more general human relational-developmental processes in change mechanisms in psychotherapy
Katharine Smidt — Suffolk University, Boston, USA
Michael Basseches, Alison Thomas, Megan Clapp, Vanessa Alvarez

Toward a more broadly applicable and user-friendly approach to developmental analysis of change mechanisms in psychotherapy ...
and perhaps beyond
Megan Clapp — Suffolk University, Boston, USA
Michael Basseches, Vanessa Alvarez, Alison Thomas, Katharine Smidt

Discussant:
Michael Basseches, Suffolk University, Boston, USA

Panel
Process-outcome
Thursday
8:30 AM-10:00 AM
MR 5A/91
Moderator
Jamie Bedics, California Lutheran University, Thousand Oaks, USA

24.

An evaluation of mechanisms of change in dialectical behavior therapy

The therapeutic relationship and alliance during dialectical behavior therapy for borderline personality disorder: Therapist and patient perspectives
Jamie Bedics — California Lutheran University, Thousand Oaks, USA
David Atkins, Katherine Comtois, Marsha Linehan

Specificity of effects of DBT emotion regulation skills training
Katherine Dixon-Gordon — Simon Fraser University, Vancouver, Canada
Alex Chapman, Brianna Turner, Kris Walters

Processes of change: Comparing dialectical behavior therapy and psychodynamic psychotherapy
Alan Fruzzetti — University of Nevada, Reno, USA
Jacqueline Pistorello, Karen Erikson

Discussant:
Michael J. Constantino, University of Massachusetts, Amherst, USA
Coffee Break

Thursday
10:00 AM-10:30 AM
Second Floor Pre-Function Area

25.

Structured Discussion
Process-outcome
Thursday
10:30 AM-12:00 PM
MR 2B/133
Moderator
Sherwood Waldron, New York Psychoanalytic Institute, USA

26.

Change processes and outcomes in two psychoanalyses

Discussant:
Fonya Lord Helm, Institute for Contemporary Psychotherapy and Psychoanalysis, Washington, DC
Panel  
Culture  
Thursday  
10:30 AM-12:00 PM  
MR 1C/144  
Moderators:  
David E. Orlinsky, University of Chicago, USA; Denise Defey, University of Uruguay, Montevideo  

Culture-competent and respectful models of psychotherapy training and treatment - II  
An examination of the evidence in culturally adapted evidence-based or empirically-supported interventions  
Janet E. Helms — Boston College, USA  
Therapy for ethnic Minority adolescents: Incorporating culture into treatment research  
Joan D. Koss-Chioino — Arizona State University, USA  
Luis A. Vargas  
IPT-TAAPP (Toronto Addis Ababa Psychiatry Project): Scaling up and adapting interpersonal psychotherapy for Ethiopia  
Paula Ravitz — University of Toronto, Canada  
Dawit Wondimagegn, Teshome Shibre, Abebau Fekadu, Charlotte Hanlon, Yonas Båheretibeb, Neerja Chowdhary, Helen Verdeli, Clare Pain, Atalay Alem, Ellen Frank  
Developing cost effective psychological treatments for delivery by non specialist health workers in low resource settings  
Neerja Chowdhary — London School of Hygiene and Tropical Medicine, UK  
Hamid Dabholkar, Vikram Patel  
Adapting and testing IPT for primary care in Haitian communities.  
Helen Verdeli — Columbia University, New York, USA  
Kathleen Clougherty, Myrna M. Weissman  

Discussants:  
David E. Orlinsky, University of Chicago, USA  
Joseph P. Gone, University of Michigan, USA  

Panel  
Change Process  
Thursday  
10:30 AM-12:00 PM  
MR 2A/132  
Moderator  
George Silberschatz, University of California, San Francisco, USA  

The role of therapist responsiveness in therapeutic process and outcome  
What works for whom: Evidence-based responsiveness beyond diagnosis  
John C. Norcross — University of Scranton, USA  
The therapeutic relationship: How nice is good for patients and therapy outcome?  
Patrick Figlioli — University of Bern, Switzerland  
Isabelle Schmutz, Thomas Berger, Franz Caspar  
The role of therapist responsiveness in psychotherapy process and outcome  
George Silberschatz — University of California, San Francisco, USA  

Discussant:  
Franz Caspar, University of Bern, Switzerland
Panel
Emotion
Thursday
10:30 AM-12:00 PM
MR 2CD/126
Moderator
Shigeru Iwakabe, Ochanomizu University, Tokyo, Japan

Facilitating emotional change process: Toward a more differentiated model of change

Emotional change process in self-critical depression during experiential treatment
Bryan Hon Yan Choi — York University, Canada
Alberta Eveline Pos

The process of resolving shame: A task analytic study
Shigeru Iwakabe — Ochanomizu University, Tokyo, Japan
Masaya Ito, keiko Yamaguchi

Experimental manipulation of different types of emotional processing
Kristina Barbara Rohde — University of Bern, Switzerland
Maria Stein, Antonio Pascual-Leone, Patrick Figlioli

Discussant:
Alberta Eveline Pos, York University, Canada

Panel
Trauma
Thursday
10:30 AM-12:00 PM
MR 3AB/132
Moderators:
Ann Hummel, United States Navy, San Diego, CA; Patricia T. Spangler, Uniformed Services University of the Health Sciences, USA

Behavioral health care of military service members and veterans: Four case studies

Overview of behavioral health issues of military personnel and veterans
Ann Hummel — United States Navy, San Diego, CA
Manuel Gonzalez

Post-admission cognitive therapy following suicide attempt for active duty service members with PTSD: A case example
Christina Schendel — Uniformed Services University of the Health Sciences, USA
Rachel Lunt, Patricia T. Spangler, Laura Neely, Geoffrey Grammar, Marjan Ghahramanlou Holloway

Cognitive-experiential dream work for PTSD-related nightmares: A case study
Patricia T. Spangler — Uniformed Services University of the Health Sciences, USA
Miles G. Bowers, Clara E. Hill

Treatment setting considerations for service member transitions between active duty, veteran and reserve statuses: A case study
Manuel Gonzalez — United States Navy

Discussant:
Patricia T. Spangler, Uniformed Services University of the Health Sciences, USA

Brief Paper Session
DBT
Thursday

Motive-oriented therapeutic relationship in dialectical behavior
10:30 AM-12:00 PM  MR 3D/63

31. Group therapy for patients with borderline personality disorder: A qualitative study
   Sabine Keller — University of Lausanne, Switzerland
   Dominique Page, Yves De Roten, Jean-Nicolas Despland, Patrick Figlioli, Ueli Kramer

Six-month outcomes of dynamic deconstructive psychotherapy vs. dialectical behavior therapy for borderline PD at a university clinic
   Robert J. Gregory — SUNY Upstate Medical University, Syracuse, USA
   Georgian T. Mustata, Evan Deranja

Change in Reflective Function (RF) in a randomized controlled trial of psychotherapy for bulimia nervosa: A study of mentalization, psychotherapy and eating disorders.
   Hannah Katznelson — University of Copenhagen, Denmark
   Susanne Lun, Stig Poulsen

Guided self-help CBT treatment for bulimic disorders: Clinical significance and process of change
   Paulo P.P. Machado — Universidade do Minho, Braga, Portugal
   Ana Rita Vaz

Brief Paper Session
Miscellaneous
Thursday
10:30 AM-12:00 PM  MR 3E/63

32. Therapeutic interventions utilized by master clinicians: Final results
   Marc J. Diener — Argosy University, Arlington, USA
   Jelena Kecmanovic

Treatment goals of transpersonal psychotherapists
   Meghan R. Fraley — The Institute of Transpersonal Psychology, Palo Alto, USA

Positive-existentialism: Integrating theory and practice of positive psychology and humanistic-existentialism models of client change
   Jacqueline Synard — University of Ottawa, Canada
   Nicholas Gazzola

The Well-Being Interview
   Gregg Henriques — James Madison University, Virginia, USA

Panel
Process
Thursday
10:30 AM-12:00 PM  MR 4A/63

I’m dreaming of . . . : Therapists’ dreams about clients, hospice workers’ dreams about patients, and earliest-remembered vs. recent-remembered dreams in therapy
   Therapists’ dreams about clients
Sarah Knox, Marquette University, Milwaukee, USA

33.

Hospice workers’ dreams about patients
Shirley A. Hess — Shippensburg University, USA
Tara Byers, Patricia T. Spangler, Clara E. Hill, Sarah Knox
Working with earliest-remembered vs. recent-remembered dreams in therapy
Shudarshana Gupta — University of Maryland, College Park, USA
Clara E. Hill

Discussant:
Clara E. Hill, University of Maryland, College Park, USA

Panel
Family
Thursday
10:30 AM-12:00 PM
MR 4B/63
Moderator
Laurie Heatherington, Williams College, MA, USA

Basic research with implications for child and family therapy
Dynamics on parent’s couple life and children psychological dimensions in early childhood: An interdependence model analysis
Ximena Pereira López — Universidad del Desarrollo, Santiago, Chile
Ivan Armijo
The Association of Parental Involvement on academic adjustment and performance for Hispanic (Latino/a) students
Jairo Fuertes — Adelphi University, New York, USA
Ricky P. Demirakos
Effects of diagnostic label, gender, and family relationship on attributions about children’s ADHD-related behaviors
Laurie Heatherington — Williams College, MA, USA
Marissa Pilger, Emmanuel Whyte, Jennifer Morrison
Gay and lesbian parents and their adopted children: Basic findings to inform practice and policy
Justin Alan Lavner — University of California, Los Angeles, USA
Jill Waterman

Moderator
Changming Duan, University of Kansas, Lawrence, USA

43.

Cultural and therapeutic conditions for effective use of therapist directives
Changming Duan — University of Kansas, Lawrence, USA
Clara E. Hill

The prevalence and types of directives perceived by Chinese therapists and clients
Jingqing Liu — University of Maryland, College Park, USA
Harold Chui, Kaiyi Hui, Changming Duan, Clara E. Hill, Guangrong Jiang, Bo Hu

Therapeutic outcome of therapist directives and client implementation of directives
Bo Hu — University of Kansas, Lawrence, USA
Changming Duan, Clara E. Hill, Guangrong Jiang, Jingqing Liu, Harold Chui, Kaiyi Hui, Lixia Yu

Therapists’ views on why and how they use directives in therapy
Yujia Lei — University of Kansas, Lawrence, USA
Bo Hu, Jie Chen, Changming Duan, Sasha Li

Discussant:
Michael Scheel

Panel
Theory
Thursday 2:30 PM-4:00 PM
MR 2A/132

Moderator
William B. Stiles, Miami University, Oxford, USA

44.

Innovative moments and the assimilation model: Cross-fertilization and integration

Building conceptual bridges between Innovative Moments Model and Assimilation Model
António P. Ribeiro — Universidade do Minho, Braga, Portugal
Miguel Gonçalves, William B. Stiles

Reconceptualization innovative moments and assimilation on the spotlight: How can one psychotherapy change model inform another?
Carla Alexandra Castro Cunha — University of Minho and ISMAI, Portugal
J. Martins, Inês Mendes, António P. Ribeiro, William B. Stiles, Leslie Greenberg, Miguel Gonçalves

Changes in intra- and interpersonal relationships and self-narratives in a nominally unsuccessful generalized anxiety disorder therapy case
Hugo Josef Schielke — Miami University, Oxford, Ohio, USA
William B. Stiles

Discussant:
Mikael Leiman, University of Eastern Finland, Joensuu

Panel
Computer
Thursday

Computer-assisted cognitive therapy for major depression and anxiety disorder

Computer-assisted cognitive behavior therapy for depression
2:30 PM-4:00 PM  
MR 2B/133  
**Moderator**  
Tracy D. Eells, University of Louisville, USA  

---

Tracy D. Eells — University of Louisville, USA  
Jesse H. Wright, Michael E. Thase  
Palmtop computer program as a group psychotherapy aid in treating generalized anxiety disorder  
Michelle G. Newman — Penn State University, University Park, USA  
Andres J. Consoli, C. Barr Taylor  
Internet-based guided self-help for anxiety disorders: A randomized controlled trial comparing an individually-tailored with a primary disorder-specific approach  
Thomas Berger — University of Bern, Switzerland  
Patrick Figlioli  

Discussant:  
Marna S. Barrett, University of Pennsylvania, Philadelphia, USA

---

**Panel**  
Child/Adolescent  
Thursday  
2:30 PM-4:00 PM  
MR 2CD/126  
**Moderator**  
Nick Midgley, Anna Freud Center, London, UK

45.

---

**Psychotherapy with adolescents and/or their parents**  
Short-term psychotherapy for children and adolescents/young people  
Agneta Thorén — Erica Foundation, Stockholm, Sweden  
Parent therapy for parents of teenagers: Understanding outcome and process  
Charlotte Jarvis — Child & Adolescent Psychotherapist, London, UK  
Personality structure and defensive mechanisms changes in a 2 year supportive psychotherapy psychodynamically-oriented of an early adolescent boy.  
Daphne Chessa — University of Perugia, Italy  
DANIELA di riso , Alessandro Gennaro, silvia salcuni

Discussant:  
Adriana Lis, University of Padova, Italy

Process-outcome  
Thursday  
2:30 PM-4:00 PM  
MR 3AB/132  
**Moderator**  
Christopher Muran, Adelphi University, New York, USA

47.

---

**The impact of patient pre-treatment variables on the process and outcome of short-term psychotherapy**  
The role of patient interpersonal functioning on the quality, alliance, and outcome of short-term cognitive behavioral treatment for personality disorders  
Clara Hungr — Adelphi University, New York, USA  
Christopher Muran, Jeremy Safran  
The relationship of pre-treatment personality disorders to early therapeutic alliance in two time-limited psychotherapies  
Sumru Tufekcioglu — Adelphi University, New York, USA  
Christopher Muran, Jeremy Safran  
Attachment style as a predictor of patient’s perceptions of the treatment process and the therapeutic relationship in treatment of personality disorders
Julia Belotserkovsky  — New School University, New York, USA
Jeremy Safran, Christopher Muran

Discussant:
Kenneth N. Levy, Penn State University, University Park, USA

**Psychotherapy process in a randomized controlled trial with cluster C patients: instruments and findings.**

The Achievement of Therapeutic Objectives Scale (ATOS):
Psychometric properties and applicability in short-term dynamic psychotherapy (STDP) and cognitive therapy (CT)

Jakob Valen  — Norwegian University of Science and Technology, Tordheim, Norway
Truls Ryum, Pål Gunnar Ulvenes, Lene Berggraf, Martin Svartberg, Tore C. Stiles, Leigh McCullough

The moderating role of affect- types on exposures to impulse/feeling in Short-term Dynamic Psychotherapy (STDP) and Cognitive Therapy (CT)

Truls Ryum  — Norwegian University of Science and Technology, Tordheim, Norway
Jakob Valen, Martin Svartberg, Tore C. Stiles, Leigh McCullough

The relationship between sense of self and others and outcome in patients with Cluster C personality disorders

Lene Berggraf  — Modum Bad Research Institute, Vikersund, Norway

Pål Gunnar Ulvenes, Bruce E. Wampold, Asle Hoffart, Tuva Øktedalen, Martin Svartberg, Tore C. Stiles, Leigh McCullough

Therapist focus, the alliance and outcome: Different processes for different therapies

Pål Gunnar Ulvenes  — Modum Bad Research Institute, Vikersund, Norway

Lene Berggraf, Tore C. Stiles, Martin Svartberg, Leigh McCullough, Bruce E. Wampold, Asle Hoffart

Discussant:
Jeanne C. Watson, University of Toronto, Canada

**Process-outcome research in different schools of psychotherapy**

Multiple imputation of longitudinal data in process-outcome research

Aureliano Crameri  — Zurich University of Applied Sciences, Switzerland

Margit Koemeda, Volker Tschuschke, Agnes von Wyl, Peter Schulthess

Treatment fidelity and outcome: Results from the Swiss PAP-S-
Study I
**Volker Tschuschke — University of Cologne, Germany**
Agnes von Wyl, Margit Koemeda, Peter Schulthess, Aureliano Crameri, Sabrina Blawath, Jessica Berglar

Gender aspects of treatment interventions and outcome: Gender of patients and therapists, intervention styles and treatment outcomes (results from the Swiss PAP-S-Study II)
**Sabrina Blawath — University of Cologne, Germany**
Agnes von Wyl, Margit Koemeda, Peter Schulthess, Aureliano Crameri, Volker Tschuschke

**Panel**
**Process-outcome**
Thursday
2:30 PM-4:00 PM
MR 4B/63
**Moderator**
Michael J. Constantino, University of Massachusetts, Amherst, USA

Patient interpersonal characteristics, interpersonal therapy process, and treatment outcome in interpersonally-oriented psychotherapies for depression

Baseline patient characteristics as predictors of remission in interpersonal psychotherapy for depression
**Michael J. Constantino — University of Massachusetts, Amherst, USA**
Mariel L. Adams, Angela M. Pazzaglia, Samantha L. Bernecker, Carolina McBride

Change in interpersonal and cognitive patient variables as predictors of outcome in interpersonal psychotherapy for depression
**Samantha L. Bernecker — University of Massachusetts, USA**
Michael J. Constantino, Angela M. Pazzaglia, Brittany R. Iles, Carolina McBride

Alliance attunement and psychotherapy outcome: Using HLM to model dyadic processes in psychotherapy research
**Holly Laws — University of Massachusetts, Amherst, USA**
Michael J. Constantino, Bruce Arnow

Interpersonal subtypes of depressed outpatients
**Martin Grosse Holtforth — University of Zurich, Switzerland**
David E. S. Altenstein, Tobias Krieger, Nadja Doerig, Christoph Fluckiger, Patrick Figlioli

**Panel**
**Integration**
Thursday
2:30 PM-4:00 PM
MR 5A/91
**Moderator**
Andrew Athan McAleavey, Penn State University, University Park, USA

Common and faux-unique treatment variables: Integrations across psychodynamic and behavioral treatments

The systematic use of homework in psychodynamic-interpersonal psychotherapy for depression
**Dana L. Nelson — University of Delaware, Newark, USA**
Louis G. Castonguay
The how and why of insight: How do we help clients achieve insight, and why do we bother?
Andrew Athan McAleavey — Penn State University, University Park, USA
Louis G. Castonguay
Parental attachment as a common factor predicting youth alliance formation
Sanno Elena Zack — Stanford University, Palo Alto, USA
Robert Adelman, Andrew Athan McAleavey, Soo Jeong Youn, James F. Franklin Boswell, Louis G. Castonguay, David Kraus

Discussant:
George Silberschatz, University of California, San Francisco, USA

Coffee Break
Thursday
4:00 PM-4:30 PM
Second Floor Pre-Function Area

Panel
Supervision
Thursday
4:30 PM-6:00 PM
MR 1C/144
Moderator
Claus Haugaard Jacobsen, Aalborg University, Denmark

Supervision (qualitative studies in)
"My worst supervision". Qualitative and quantitative data from the Danish DPCCQ
Claus Haugaard Jacobsen — Aalborg University, Denmark
Effects of supervision experience on therapist’s clinical interventions
Jutta Kahl-Popp — John-Rittmeister-Institut, Kiel, Germany
Group supervision: A conversation analytic study exploring the participants’ management of group supervision
Alison Dart — University of Leicester, UK
Predicting in-session supervisory behavior from supervisory style
Katharine Suzanne Shaffer — University at Albany/SUNY, USA
Myrna Friedlander

Discussant:
Margot J. Schofield, La Trobe University, Melbourne, Australia

Panel
Process
Thursday
4:30 PM-6:00 PM
MR 2A/132

Exploring corrective experiences in different forms of therapy: Views from qualitative analyses and basic research
Corrective experiences in cognitive behavior therapy
Moderator
Louis G. Castonguay — Penn State University, University Park, USA
Dana L. Nelson, James F. Franklin Boswell, Samuel Schieffelin Nordberg, Andrew Athan McAleavey, Michelle G. Newman, Thomas Borkovec

The corrective contrast experience as a contextual principle of change
Timothy Anderson — Ohio University, Athens, USA
Benjamin Ogles, Bernadette D. Heckman, Peter MacFarlane

What can basic cognitive science contribute to an understanding of corrective experiences?
Franz Caspar — University of Bern, Switzerland
Nicola Ferrari, Thomas Berger

Brief Paper Session
Miscellaneous
Thursday
4:30 PM-6:00 PM
MR 2B/133

Art therapy for treating children with Autism Spectrum Disorders (ASD): The unique contribution of art materials
Dafna Regev — University of Haifa, Israel
Sharon Snir

Placebo in treatment resistant depression
Robert John King — Queensland Institute of Technology, Brisbane, Australia

55.

The development and validation of the Psychotherapy Termination Scale (PTS)
Raquel Alves Mesquita — Universidade do Minho, Braga, Portugal
Eugenia Ribeiro

The effectiveness of treatments for personality disorders: A meta-analysis of direct comparisons
Stephanie Lynne Budge — University of Louisville, USA
Jacob B. Nienhuis, Jon T. Moore, Timothy Baardseth, Bruce E. Wampold

Panel
Psychodynamic
Thursday
4:30 PM-6:00 PM
MR 2CD/126

Moderator
John Christopher Perry, McGill University, Montreal, Canada

Motives and development: 1) normative versus treated samples 2) change over psychotherapy

Eriksonian development and motives in a normative sample of women
Jesse Metzger — McGill University, Montreal, Canada
John Christopher Perry, Annett Koerner

Motives and development in adults with recurrent major depression and/or treatment-refractory disorders
Annett Koerner — McGill University, Montreal, Canada
John Christopher Perry

Change in motives in two treated samples: Adults with recurrent major depression and/or treatment-refractory disorders
John Christopher Perry — McGill University, Montreal, Canada
Annett Koerner

Panel
Training
Thursday
4:30 PM-6:00 PM
MR 3AB/132
Moderators:
Marilyn Fitzpatrick, McGill University, Montreal, Canada;
Thea Lauree Comeau, McGill University, Montreal, Canada

Values clarification: Theory and practice
An analysis of the use of values clarification with therapists to offset burnout
Thea Lauree Comeau — McGill University, Montreal, Canada
Marilyn Fitzpatrick
Preventing burnout in novice therapists: The impact of a pilot values clarification workshop in supervision
Antoine Thomas Beauchemin — McGill University, Montreal, Canada
Thea Lauree Comeau, Marilyn Fitzpatrick, Jack DeStefano
The impact of a values intervention
Robin L. Grumet — McGill University, Montreal, Canada
Marilyn Fitzpatrick

Panel
Alliance
Thursday
4:30 PM-6:00 PM
MR 3D/63
Moderator
Jeremy Safran, New School University, New York, USA

Measuring the alliance: the development of measures of ruptures and negotiation
An observer-based measure -- The Rupture Resolution Rating System V3 (3RS)
Allison Mitchell — New School University, New York, USA
Catherine Eubanks-Carter, Jeremy Safran, Christopher Muran
The Alliance Negotiation Scale: Psychometric construction and preliminary reliability and validity analysis
Jennifer Marie Doran — New School University, New York, USA
Jeremy Safran, Vanina Waizmann, Kelly Wagner Bolger, Christopher Muran
Adaptation of the Alliance Negotiation Scale in Argentina (ANS-A) and comparison with the original version
Vanina Waizmann — Universidad de Belgrano, Buenos Aires, Argentina
Kelly Wagner Bolger, Jennifer Marie Doran, Jeremy Safran, Andres Roussos

Discussant:
William B. Stiles, Miami University, Oxford, USA
Panel
Child/Adolescent
Thursday
4:30 PM-6:00 PM
MR 3E/63
Moderator
Sandra Rafman, McGill University, Montreal, Canada

Play, trauma and development: New directions in play therapy research

Tools for the observation and research of children’s play: The Children’s Play Therapy Instrument (CPTI); The Children’s Developmental Play Instrument (CDPI); The Children’s Play Therapy Instrument: Adaptation for Trauma Research (CPTI-ATR)
Saralea Chazan — Steinhardt School, New York University, USA

Trauma, play and resilience in young children
Esther Cohen — Hebrew University, Jerusalem, Israel

Play, trauma and moral disruption
Sandra Rafman — McGill University, Montreal, Canada
Joyce Canfield

Play and psychotherapy process in a single case study of a 3 year old child
Elisa Delvecchio — University of Padova, Italy
Adriana Lis, diana mabilia, Valentina Rigon

Panel
Change Process
Thursday
4:30 PM-6:00 PM
MR 4A/63
Moderator
Marcus J.H. Huibers, Maastricht University, The Netherlands

Predictors and mechanisms of change in treatments for depression: The state-of-the-art and beyond

Mechanisms of change in cognitive therapy and interpersonal therapy for depression: Preliminary results from an ongoing randomized trial
Marcus J.H. Huibers — Maastricht University, The Netherlands
Lotte Lemmens, Anne Roefs, Frenk Peeters, Arnoud Arntz

Beyond "deep" and "surface" structures mechanisms of change
Jacques P. Barber — Adelphi University, New York, USA
Kevin S. McCarthy, Robert Gallop

How Research on Moderators Can Be Used to Improve Clinical Outcomes
Robert J. DeRubeis — University of Pennsylvania, Philadelphia, USA
Nicholas R. Forand, Jay C. Fournier, Lois A. Gelfand

Discussant:
Patrick Figlioli, University of Bern, Switzerland
Panel
Process-outcome
Thursday
4:30 PM-6:00 PM
MR 4B/63
Moderator
Samuel Schieffelin Nordberg, Penn State University, University Park, USA

Capturing and predicting psychological change: Using research findings to facilitate treatment monitoring and feedback.

The graphical display of treatment effects and non-linear change patterns early in treatment
Wolfgang Lutz — Universität Trier, Germany
Julian Rubel, Katharina Köck
Differences in degree or in kind: Do latent profiles of treatment-seekers at intake predict meaningful differences in outcome?
Samuel Schieffelin Nordberg — Penn State University, University Park, USA
Louis G. Castonguay, Jeffrey Hayes, Benjamin D. Locke
Investigating continuous and discontinuous patterns of change in different phases of outpatient psychotherapy — A piecewise and latent transition analysis
Julian Rubel — Universität Trier, Germany
Wolfgang Lutz
Risk models for negative treatment outcomes in psychiatric outpatients: Predicting end state functioning and rate of change using classification and regression trees (CART) and multilevel modeling
Kim de Jong — Erasmus University Medical Center, Rotterdam, Netherlands
Annet Nugter, Cor Ninaber, Wolfgang Lutz, Joost R. van Ginkel, Willem J. Heiser, Philip Spinhoven

Panel
Group
Thursday
4:30 PM-6:00 PM
MR 5A/91
Moderator
Giorgio Tasca, University of Ottawa and The Ottawa Hospital, Canada

Change mechanisms in group psychotherapy: The roles of attachment, complementarity, and alliance in improving outcomes

Matching women with binge eating disorder to group treatment based on attachment anxiety: Outcomes and moderating effects
Giorgio Tasca — University of Ottawa and The Ottawa Hospital, Canada
Kerri Ritchie, Natasha Demidenko, Louise Balfour, Leah Keating, Hany Bissada
Attachment towards the therapy group in women with binge-eating disorder
Leah Keating — Carleton University, Canada
Giorgio Tasca, Mary Gick, Kerri Ritchie, Louise Balfour, Hany Bissada
The relationship among attachment anxiety, interpersonal complementary, and treatment outcomes in group psychotherapy of women with binge eating disorder
Hilary Maxwell — University of Ottawa, Canada
Giorgio Tasca, Mary Gick, Kerri Ritchie, Louise Balfour, Hany Bissada

Discussant:
Bernhard Strauss, Friedrich-Schiller-Universität Jena, Germany

**Poster Session**

Thursday
6:00 PM-7:30 PM
First Floor Pre-Function Area

63.

**Alliance**

Unresolved attachment organization predicts treatment alliance in patients with borderline personality disorder: Implications for treatment recommendations
Tracy Lynn Clouthier — Penn State University, University Park, USA
Kenneth N. Levy, Rachel H. Wasserman, Joseph E. Beeney, John F. Clarkin

The dependability of alliance subscales
Jaclyn Sara Sadicario — University of Pennsylvania, Philadelphia, USA
Sarah Ring-Kurtz, Mary Beth Connolly Gibbons, Tessa Katherine Mooney, Robert Gallop, Paul Crits-Christoph

Therapists’ and trainees’ perceptions of developing working alliances with couples and families
Olga Sutherland — University of Guelph, Canada
Myrna Friedlander, Priscilla Burnham, Jennifer Pepper, Lynda Ashbourne

The key moments of building the alliance in the first meeting of family therapy
Bernadetta Janusz — Jagiellonian University, Kraków, Poland
Mariusz Furgal, Jakub Bobrzynski

Factors intervening in the alliance in adolescents’ psychotherapy
Jorge Goldberg — Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina
David Maldavsky

A psychometric evaluation of the Rupture Resolution Questionnaire (RRQ)
Jessica Harlem-Siegel — New School University, New York, USA
Jeremy Safran, Christopher Muran

The therapeutic alliance from the client’s perspective: A qualitative approach
Peter MacFarlane — Ohio University, Athens, USA
Timothy Anderson, Andrew Smith McClintock

The clients’ perspective on factors that hinder the therapeutic alliance
Megan Cook — Western Washington University, Bellingham, USA
Robinder (Rob) P. Bedi, Jose F. Domene
**Anxiety**

Intolerance of uncertainty beyond the experimental studies and in the therapy room: A case study.

_Earta Norwood — University of Maryland, College Park, USA_

Effectiveness of cognitive-behavioral therapy in reducing anxiety among those with autism spectrum disorders: A meta-analysis

_Nicholas Charles Jacobson — Penn State University, University Park, USA_

64.

Emotion-focused therapy for anxiety: A task analysis of one good and one poor outcome case

_Yehuda Aryeh Gabler — York University, Canada_

Leslie Greenberg, Sara Miller

Executive functions in patients with Generalized Anxiety Disorder (GAD) diagnosis

_Paula Balbi — Universidad de Buenos Aires, Argentina_

Ludmila Jurkowski, Andres Roussos

**Assessment**

Efficacy and cost- effectiveness of a brief intensified cognitive behavioural therapy and/or pharmacotherapy intervention for depression and anxiety disorders.

_Denise Meuldijk — Leiden University Medical Centre, The Netherlands_

The history of the Loss Assessment Instrument: Relation to depressive symptoms and clinical implications

_Adrián Chaurand — Universitat de Barcelona, Spain_

Guillem Feixas, Robert Neimeyer

**Attachment**

Adult attachment styles and relationships -- ERP correlates

_Glaucia Mitsuko Ataka Rocha — Universidade Presbiteriana Mackenzie, Brazil_

Paulo Boggio

Client attachment and in-session silence: Frequency, duration, distribution and types of pauses

_Sarah I. F. Daniel — University of Copenhagen, Denmark_

Stig Poulsen, Susanne Lunn
Case studies

Following up nuclear schemmas in difficult patients.
Elena Diana Scherb — Universidad Argentina de la Empresa, Buenos Aires

Case-to-case and inter-classes comparisons of evolution trajectories in the psychotherapy of children suffering from autism and PEV, contribution of 30 pragmatic case studies.
Jean-Michel Thurin — National Institute for Health and Medical Research, France
Monique Thurin, Tiba Baroukh, Bruno Falissard

How to recognize Weiss's concept of tests in the transcripts
Valentina Gandini — Technical University Dresden, Germany

Relation of therapeutic immediacy and affect intensity across a case of long-term psychodynamic psychotherapy
Jason Mayotte-Blum — Adelphi University, New York, USA
Nikaya Becker-Materno, Jenelle Slavin-Mulford, Meaghan Lehmann, Frank Pesale, Mark Hilsenroth, Jairo Fuertes, Jerry Gold

Is case formulation predictive process of change? Contribution of 15 pragmatic case studies of borderline patients
Monique Thurin — National Institute for Health and Medical Research, France
Jean-Michel Thurin, Tiba Baroukh, Bruno Falissard

The relationship between depression, anxiety, stress, and menopause
Salisu Ango Abdul-Rahim — University of Ghana Medical School, Accra

Application of combined supportive and psychodynamic model of therapy in a case of dissociative disorder(mixed); A case study
Kasthuri Pandiyan — Bangalore Medical College & Research Institute, India

Inpatient

The relation between readmission rates and diagnosis for psychiatric inpatients: A meta-analytic review
Valerie Ruth Needham — Argosy University, Arlington, USA
Marc J. Diener, Jessica R. Gurley

Research of the mother-child relationship in a severe case of infant apathy, applying DLA
Carlos Títolo — Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina
David Maldavsky
Comparative study of the discourse of hearing mothers of deaf children. Detection of different moments after the diagnosis which lead to different therapeutic strategies
Ruth Kazez — Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina
Gabriela Melloni, David Maldavsky

Poster Session

Thursday
6:00 PM-7:30 PM
First Floor Pre-Function Area

Group

The therapeutic relationship in groups: A preliminary study on group climate and cohesion by multilevel structural equation modeling
Salvatore Gullo — University of Palermo, Italy
Gianluca Lo Coco, Laura Salerno, Federica La Pietra
The effect of horticultural therapy on the elderly
Jiun-De Lin, — National Taichung Nursing College, Taiwan
Shing-Li Shih, Yen-Jui Chen, Shiang-I Wu
Improved social functioning in children with Attention Deficit Hyperactivity Disorder following treatment with the Resilience Builder Program® in a clinical service setting.
Carly A. Nigro — The Catholic University of America
Brendan A. Rich, Lisa Sanchez, Mary Alvord
Change process

Come on get happy: How positive psychology constructs relate to psychotherapy outcome
David McConkie Erekson — Brigham Young University, Provo, USA
Vaughn Worthen

Motivation for change, the therapist’s interventions and the outcome of psychotherapy
Evandro Morais Peixoto — Pontificia Universidade Católica de Campinas, Brazil
Maria Leonor Espinosa Enéas, Elisa Yoshida

A novel method for identifying ideographic mechanisms of change in cognitive therapy for depression
Nicholas R. Forand — University of Pennsylvania, Philadelphia, USA
Robert J. DeRubeis

Stages of change: Correlation between two forms of evaluation
Adriana Carvalho dos Santos — Universidade Presbiteriana Mackenzie, Brazil
Maria Leonor Espinosa Enéas

Trajectories of change in interpersonal behavior in the course of a single psychotherapy session
Tadeusz A. Zajac — University of New York in Prague, Czech Republic

Construction of a method to evaluate therapeutic efficacy
Ana María Luzzi — Universidad de Buenos Aires, Argentina
Sara Slapak

Therapist interventions and client innovative moments in emotion-focused therapy: A temporal analysis of productive sequences in therapist and client verbal interaction in a good and poor outcome case studies
Ana Sofia Teixeira — ISMAI - Instituto Superior da Maia, Portugal
Carla Alexandra Castro Cunha, João Salgado, Inês Mendes, Miguel Gonçalves, Leslie Greenberg, Lynne Angus

Counseling with suicidal survivors: An ecological approach
Hsiao-Pei Chang — National Chi Nan University, Taiwan

The emergence of innovative moments in narrative therapy: An exploratory study
Joana Carolina Nunes — Universidade do Minho, Braga, Portugal
Carla Alexandra Castro Cunha, Miguel Gonçalves

Change mechanisms and early treatment outcome of long-term psychodynamic psychotherapy and accelerated experiential dynamic psychotherapy: Preliminary results
Rayna Danielle Markin — Villanova University, USA
Kevin S. McCarthy, Cheri Marmarosh
**Poster Session**

**Child/adolescent**

Thursday
6:00 PM-7:30 PM
First Floor Pre-Function Area

The effectiveness of applying the community counseling intervention in school: An exploratory study of an 8th grade male student raised by grandparents

*Shing-Li Shih — National Chi Nan University, Taiwan*
*Jiun-De Lin,*

Romantic attachment and depression in pregnant adolescent couples: Implications for intervention development and treatment

*Alethea Desrosiers — Yale University, USA*
*Heather Sipsma, Nathan Hansen, Tamora Callands, Trace Kershaw*

**Poster Session**

**Cognitive**

Thursday
6:00 PM-7:30 PM
First Floor Pre-Function Area

Cognitive performance in mood disorders and associated factors

*Cláudio R. Drews — Universidade Católica de Pelotas, Brazil*
*Luciano Dias de Mattos Souza, Ricardo Azevedo da Silva, Karen Jansen, Ricardo Tavares Pinheiro*

Using personal dilemmas for case conceptualization and treatment planning in depression

*Guillem Feixas — Universitat de Barcelona, Spain*
*Victoria Compañ, Adrián Chaurand, Adriana Trujillo*

Problem solving and goal attainment through the BHAGAVAD GITA in a depressed case with Anasakthil

*Gandasi Visweswara Vaniprabha — Bangalore Medical College & Research Institute, India*

**Poster Session**

**Integration**

Thursday
6:00 PM-7:30 PM
First Floor Pre-Function Area

The "scientific competences" as a concept linking conceptual and clinical research in psychoanalysis

*Clara María López- Moreno — Asociación Psicoanalítica Argentina*
*Silvia Acosta, Susana Vinocur Fischbein*

Psychotherapy integration and alliance: Use of cognitive-behavioral techniques within a short-term psychodynamic psychotherapy treatment model

*Rachel Goldman — Adelphi University, New York, USA*
*Mark Hilsenroth*

Psychotherapist development: Integration as a way to autonomy

*Tomas Rihacek — Masaryk University, Czech Republic*
*Ester Danelova*

**Poster Session**

**Interpersonal**
Self-esteem as mediator of the association between negative affects, eating symptoms and interpersonal problems among treatment-seeking obese patients
Laura Salerno — University of Palermo, Italy
Gianluca Lo Coco, Salvatore Gullo, Federica La Pietra, Rosalia Iacoponelli

Poster Session

Linguistic

Frequency distributions of wishes in speech acts in the therapists’ discourse
Luján De Simone — Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina
Juan Carlos Argibay, Josefina Gómez Dolzer, Julieta Otálora, David Maldavsky

Frequency distributions of wishes in words and speech acts in the patients’ discourse
David Maldavsky — Universidad de Ciencias Empresariales y Sociales, Buenos Aires, Argentina
Juan Carlos Argibay, Luján De Simone, Silvina Perez Zambón, Sebastián Plut, Elena Stein

Depression

Verbal activity in three kinds of treatment of depressions: cognitive-behavioral therapy, psychodynamic therapy and psychoanalytic therapy
Dorothea Huber — International Psychoanalytic University, Berlin, Germany
Horst U. Kächele

I have decided to live: Factors to dissuade a person to commit suicide.
Constanza Gálvez Toro — Universidad Diego Portales, Santiago, Chile
Constanza Quiroz Díaz, Bárbara Vicencio Gebauer, Alemka Tomicic Suñer, Claudio Martinez Guzman

Religiosity of suicidal depressive women in a public general hospital in Santiago, Chile: Socio-demographic, clinical and treatment outcome characteristics
Ramon U. Florenzano — Universidad del Desarrollo, Santiago, Chile
Jorge T. Rodriguez, Catalina Sieverson, Eny S. Cataldo, Pamela Leiva, Maria Sol Pastorino

Therapist intervention and innovative moments: A study with a sample of cognitive-behavior therapy of depression
Miguel Gonçalves — Universidade do Minho, Braga, Portugal
Anabela Pereira Machado, Clara E. Hill, Carla Alexandra Castro
**Poster Session**
Thursday
6:00 PM-7:30 PM
First Floor Pre-Function Area

82.

**Disorder**
The psychodynamic treatment of patients with depersonalization disorder
Matthias Michal — Johannes Gutenberg-Universität Mainz, Germany
Predictors of isolated sleep paralysis in outpatients with panic attacks
Brian Andrew Sharpless — Penn State University, University Park, USA
Kevin S. McCarthy, Kimberly Seoane, Lauren Rodriguez, Barbara Milrod, Dianne Chambless, Jacques P. Barber

83.

**Poster Session**
Thursday
6:00 PM-7:30 PM
First Floor Pre-Function Area

**Emotion**
The Written-Heart study: Long-term effects of a brief expressive writing intervention on patients with Coronary Heart Disease (CHD) referred to in-hospital cardiac rehabilitation
Gian Mauro Manzoni — Istituto Auxologico Italiano, Italy

Friday
7:00 AM-8:30 AM
Ballroom Two-Three

85.

**Structured Discussion**
Process-outcome
Friday
8:30 AM-10:00 AM
MR 2B/133

**Moderator**
Jacques P. Barber, Adelphi University, New York, USA

**Steps toward creating a registry of patient and therapist reports of change: Could that be another solution to a basic question of psychotherapy research?**

Discussants:
Bernhard Strauss, Friedrich-Schiller-Universität Jena, Germany
Louis G. Castonguay, Penn State University, University Park, USA
George Silberschatz, University of California, San Francisco, USA
Hadas Wiseman, University of Haifa, Israel
Denise Defey, University of Uruguay, Montevideo
Structured Discussion
Process
Friday
8:30 AM-10:00 AM
MR 3D/63
Moderators:
Lynne Knobloch-Fedders, Northwestern University, Evanston, USA; Irene Elkin, University of Chicago, USA

Looking back, looking forward: Reflections on three decades of process-outcome research

Discussants:
David E. Orlinsky, University of Chicago, USA
Robert Elliott, University of Strathclyde, Glasgow, UK
Clara E. Hill, University of Maryland, College Park, USA
William B. Stiles, Miami University, Oxford, USA
William M. Pinsof, Northwestern University, Evanston, USA

86.

Brief Paper Session
Psychodynamic
Friday
8:30 AM-10:00 AM
MR 1C/144

87.

A task analysis of metacommunication in time-limited dynamic psychotherapy
Theodore M. Austin — Antioch University New England, USA
James Fauth, George Tremblay

Categorical or dimensional? Differentiation of short and long-term psychodynamic and psychoanalytic therapies
Carolina Seybert — University of Ulm, Germany
Mattias Desmet, Ingrid Ehardt, Susanne Hörz, Wolfgang Mertens, Stuart Ablon, Raymond Levy, Horst U. Kächele

Therapist-trainee attempts at alliance rupture repair in time-limited dynamic psychotherapy
Megan Edwards — Wellesley College, USA
George Tremblay, James Fauth

88.

Psychoanalytic single case studies published in ISI ranked journals: A review

Overview of psychoanalytic single case studies published in ISI ranked journals according to publication year and publication language
Mattias Desmet — Ghent University, Belgium
Reitske Meganck, Ruth Inslegers, Jochem Willemsen

Research methodology in psychoanalytic single case studies published on Web of Science: A review
Jochem Willemsen — Ghent University, Belgium
Ruth Inslegers, Mattias Desmet, Reitske Meganck

Patient and therapist characteristics in psychoanalytic single case studies published in ISI ranked journals: A review
Reitske Meganck — Ghent University, Belgium
Ruth Inslegers, Jochem Willemsen, Mattias Desmet

Discussants:
Shigeru Iwakabe, Ochanomizu University, Tokyo, Japan
Horst U. Kächele, International Psychoanalytic University, Berlin, Germany

ISMAI Depression Project: A comparative trial of emotion-focused therapy and cognitive-behavioral therapy.

ISMAI Depression Project: Preliminary results of a randomized clinical trial of EFT and CBT
João Salgado — ISMAI - Instituto Superior da Maia, Portugal
Distancing, immersion, and emotional arousal: An intensive case study of a good outcome case
Eunice Dias Barbosa — ISMAI - Instituto Superior da Maia, Portugal
João Salgado, Tiago Ferreira, Pedro Brandão Lourenço, Pedro Pinto

Process research of EFT: An assimilation analysis of a good outcome case
Isabel Morais Basto — ISMAI - Instituto Superior da Maia, Portugal
Inês Mendes, João Salgado

Voices of the self in emotion-focused therapy: Positioning microanalysis of a good outcome case
Pedro Brandão Lourenço — ISMAI - Instituto Superior da Maia, Portugal
João Salgado, Tiago Bento, Diana Santos, Márcia Campos

Discussant:
Robert Elliott, University of Strathclyde, Glasgow, UK
Empirical findings of systemic constellation work: Randomized control trial (RCT) on short- and mid-term effects

What kind of goals do clients aim to achieve by means of systemic constellations? Goals and goal attainment
Annette Bornhaeuser — University Hospital, Heidelberg, Germany
Jan Weinhold, Tjorven Harmsen, Jochen Schweitzer-Rothers, Christina Hunger

Changes Which Make A Difference: Psychotherapeutic Progress Stimulated By Systemic constellations
Christina Hunger — University Hospital, Heidelberg, Germany
Annette Bornhaeuser, Jochen Schweitzer-Rothers, Jan Weinhold

Improving interpersonal relationships through systemic constellations: Findings from a new questionnaire on experiences with important others
Anna Halas — University of Koblenz-Landau, Germany
Annette Bornhaeuser, Jan Weinhold, Jochen Schweitzer-Rothers, Christina Hunger

Discussant:
Martin Grosse Holtforth, University of Zurich, Switzerland

Innovative moments research program: New findings

Therapist interventions and client innovative moments in emotion-focused therapy for depression
Miguel Gonçalves — Universidade do Minho, Braga, Portugal
Carla Alexandra Castro Cunha, Clara E. Hill, Inês Sousa, António P. Ribeiro, Lynne Angus, Leslie Greenberg, Inês Mendes

Resistance to narrative change in grief psychotherapy
Daniela Rodrigues Alves — Universidade do Minho, Braga, Portugal
Miguel Gonçalves, Eugenia Ribeiro, Pablo Fernández Navarro

The change of self-narratives in psychotherapy with depression
João Batista — Universidade do Minho, Braga, Portugal
Miguel Gonçalves, Daniela Rodrigues Alves

Health and stress among clinicians and support staff: Findings from a community mental health center

*M. Cristina Cruza-Guet — Yale University, USA*

Lydia Chwastiak, Nathan Hansen, Amy Carrol-Scott, Jeanette Ickovics

Therapist burnout and interpersonal problems

*Shabad-Ratan Khalsa — University of Tennessee, Knoxville, USA*

Michael R. Nash

Thriving and burnout of counseling center psychologists: A qualitative study

*Wonjin Sim — Chatham University, Pittsburgh, PA, USA*

Gina Zanardelli, Mary Jo Loughran, Mary Beth Mannarino, Clara E. Hill

Dimensions of personal therapeutic style

*Barbora Milatova — Masaryk University, Brno, Czech Republic*

Ester Danelova

Similarities and differences between integrative, psychodynamic and systemic therapists in the way they asks questions: ATOG-V contributions

*Beatriz Gomez — Fundación Aglé, Argentina*

Curtarelli Alejandro, Claudia Catãneiras, Maria Fraga
Miguez, Fernando García, Mariana Maristany, Hector Fernandez Alvarez
Characterizing therapist self-disclosure in psychodynamic psychotherapy
Kristen G. Pinto-Coelho — University of Maryland, College Park, USA
Clara E. Hill

Poster Session

Friday
6:00 PM-7:30 PM
First Floor Pre-Function Area

Measures

SRS and ORS instrument adaptation and reliability in primary care services
Jrisó Cantuarias — Clinical Psychology Chilean Society, Santiago
How to assess the quality of psychotherapy outcome studies: A systematic review of quality assessment measures
Sven Rabung — University of Klagenfurt, Austria
Nele Schmidt, Sarah Liebherz
Course over time of treatment costs in people with severe mental illness: Patient-reported vs. administrative records
Nadja Zenner — Ulm University, Germany
Illdiko Baumgartner, Thomas Becker, Bernd Puschner
Rating the methodological quality of psychotherapy trials for meta-analysis: Feasibility and reliability
William D. Ellison — Penn State University, University Park, USA
Kenneth N. Levy, Christina M. Temes, Shabad-Ratan Khalsa
How to measure symptom severity in patients with mental disorders in the elderly? Psychometric evaluation of the German version of the "Health of the Nation Outcome Scales for the Elderly (HoNOS65+-D)"
Sylke Andreas — University of Klagenfurt, Austria
Maria Hausberg, Jana Volkert, Susanne Sehner, Martin Härter, Holger Schulz
Patient baseline predictors of treatment credibility ratings across cognitive and dynamic psychotherapies
Tessa Katherine Mooney — University of Pennsylvania, Philadelphia, USA
Mary Beth Connolly Gibbons, Jaclyn Sara Sadicario, Lindsay A. Schauble, Kelli S. Scott, Sarah Ring-Kurtz, Robert Gallop, Paul Crits-Christoph
Heidelberg Questionnaire on Experiences In Systems (HQES): A new diagnostic instrument on experiences with important others in private and professional interpersonal relationships
Leoni Link — Heidelberg University, Germany
Annette Bornhaeuser, Jan Weinhold, Anna Halas, Jochen Schweitzer-Rothers, Christina Hunger
Art-based Intervention Questionnaire (AIQ): Developing a self-report measure to investigate art therapy processes
Sharon Snir — University of Haifa, Israel
Dafna Regev

**Poster Session**

Friday
6:00 PM-7:30 PM
First Floor Pre-Function Area

145.

**Narrative**

Representations of couple’s love in a multicultural sample
Sofía de la Puerta — Universidad del Desarrollo, Santiago, Chile
Pablo Fossa
Research of a schizophrenic patient’s main conflictive traits in the sessions, during the restitutive period, applying DLA
Rosa Sloin — UCES-APDEBA
David Maldavsky

**Poster Session**

Friday
6:00 PM-7:30 PM
First Floor Pre-Function Area

146.

**Neuroscience**

Neural correlates of psychotherapy in depression and anxiety disorders: A meta-analysis of neuroimaging studies
Irene Messina — University of Padova, Italy

147.

**Breakfast**

Saturday
7:00 AM-8:30 AM
Ballroom Two-Three

147.

**Plenary Session**

Change mechanisms in psychotherapy: State of the art, state of the science, and the bridge between them

Discussants:
Louis Breger, California Institute of Technology
John C. Norcross, University of Scranton, USA
Bruce E. Wampold, University of Wisconsin, Madison, USA
Jeffrey Binder, Argosy University, Atlanta
Adele Hayes, University of Delaware

148.

**Coffee Break**
Structured Discussion

**Structured Discussion Process**
Saturday
10:30 AM-12:00 PM
MR 2B/133

**Moderators:**
Louis G. Castonguay, Penn State University, University Park, USA; Clara E. Hill, University of Maryland, College Park, USA

Corrective experiences in psychotherapy: Sketching theoretical perspectives

Discussants:
Jacques P. Barber, Adelphi University, New York, USA
Art Bohart, Saybrook University, San Francisco, USA
Franz Caspar, University of Bern, Switzerland
Michael J. Constantino, University of Massachusetts, Amherst, USA
Robert Elliott, University of Strathclyde, Glasgow, UK
Barry Farber, Columbia University, New York, USA
Jeremy Safran, New School University, New York, USA
William B. Stiles, Miami University, Oxford, USA

Panel Narrative

**Panel Narrative**
Saturday
10:30 AM-12:00 PM
MR 1C/144

**Moderator**
Sergio Salvatore, University of Salento, Lecce, Italy

Focusing on narratives to explore clinical exchange

Pattern analysis of narrative content as tool to detect clinical change
Alessandro Gennaro — University of Salento, Lecce, Italy
Andrea Auletta, Rossano Grassi, Sergio Salvatore

An automated procedure for content analysis of verbatim transcripts in psychotherapy research
Omar Carlo Gioacchino Gelo — University of Salento, Lecce, Italy
Andrea Auletta, Alessandro Gennaro, Marco Tonti

Innovative moments and automated content analysis in psychotherapy research: Preliminary results
Sergio Salvatore — University of Salento, Lecce, Italy
Miguel Gonçalves, Omar Carlo Gioacchino Gelo, Alessandro Gennaro

Discussant:
David M D Neto, University of Sheffield, UK
Panel
Process-outcome
Saturday
10:30 AM-12:00 PM
MR 2A/132
Moderator
William M. Pinsof, Northwestern University, Evanston, USA

Patient-focused feedback research in individual, couple and family therapy
Challenges to norming of a multi-dimensional and multi-systemic patient-centered outcome measure
Kenichi Shimokawa — Northwestern University, Evanston, USA
William M. Pinsof
Innovation in psychotherapy process-outcome research using the STIC online feedback system during therapy: Preliminary data from a multisite, longitudinal clinical study in Norway.
Terje Tilden — Modum Bad Research Institute, Vikersund, Norway
William M. Pinsof, Bruce E. Wampold
Using the STIC, a patient focused feedback system, as a collaborative tool in individual, couple and family therapy
William M. Pinsof — Northwestern University, Evanston, USA
Rupture-repair events in couple therapy: An exploration of the prevalence of sudden drops in alliance, and their impact on therapy progress
Jacob Ze’ev Goldsmith — Miami University, Oxford, Ohio, USA
William M. Pinsof, Larry Leitner, David Waller, Tara Latta

Panel
Interpersonal
Saturday
10:30 AM-12:00 PM
MR 2CD/126
Moderator
Lynne Knobloch-Fedders, Northwestern University, Evanston, USA

The interpersonal context of change: Associations between in-session process and outcome
Change in therapist and patient interpersonal behavior over the course of therapy: Associations with outcome
Lynne Knobloch-Fedders — Northwestern University, Evanston, USA
Kenneth L. Critchfield, Timothy Anderson
The impact of client initial outcome expectations on early interpersonal process in cognitive behavioral therapy
Henny Westra — York University, Canada
Mariyam Ahmed, Michael J. Constantino
Using relational patterns to focus on attachment-based mechanisms of change
Kenneth L. Critchfield — University of Utah, Salt Lake City, USA
Lorna Smith Benjamin

Discussant:
Timothy Anderson, Ohio University, Athens, USA
Psychotherapy extensively use the patient’s innate potential - evidences and implications

Placebo response in pharmacotherapy treatments for substance use disorders: A multipredictor meta-analysis

AC Del Re — Stanford University, Palo Alto, USA

John W. Finney

The impact of treatment expectancies on pre-treatment gains and the therapeutic alliance

Tobias Krieger — University of Zurich, Switzerland

Martin Grosse Holtforth

Disentangling early processes - the interpersonal context of healing practice

Christoph Fluckiger — University of Zurich, Switzerland

Martin Grosse Holtforth, Hansjörg Znoj

Interpersonal micro-processes predict cognitive-emotional processing and the therapeutic alliance in a psychotherapy for depression

David E. S. Altenstein — University of Zurich, Switzerland

Martin Grosse Holtforth

Discussant:

Michelle G. Newman, Penn State University, University Park, USA

Attachment and psychotherapy: Measuring attachment in psychotherapy and understanding the impact of attachment upon treatment utilization and therapist countertransference

Differential use of psychotherapy as a function of sex, ethnicity, religion, and adult attachment style

Christina M. Temes — Penn State University, University Park, USA

Kenneth N. Levy, Kenneth L. Critchfield, Sharon Nelson

Assessing attachment to the therapist and its transformations: validation study of the Patient-Therapist Attachment Q-sort

Alessandro Talia — Sapienza University of Rome, Italy

Francesco De Bei, Vittorio Lingiardi, DANIELA di riso, Adriana Lis

The impact of attachment patterns in patients with bulimia nervosa on therapist countertransference

Stig Poulsen — University of Copenhagen, Denmark

Sarah I. F. Daniel, Susanne Lunn
The effects of a specialized rupture resolution training on therapeutic process and outcome

The effects of rupture resolution training on the therapeutic alliance as measured with the segmented working alliance inventory (S-WAI-0)

Elizabeth Allison Berk — New School University, New York, USA
Jeremy Safran, Christopher Muran, Catherine Eubanks-Carter

Exploring the impact of rupture-resolution training on therapists’ capacity for experiencing in the therapeutic relationship

Catherine Boutwell — New School University, New York, USA
Jeremy Safran, Christopher Muran

Rupture resolution training and its effect on patient and therapist interpersonal process

Anthony Demaria — Beth Israel Medical Center, New York, USA
Jeremy Safran, Christopher Muran, Catherine Eubanks-Carter

The impact of rupture resolution training on patient and therapist-rated alliance

Amy T. McCue — Adelphi University, New York, USA
Christopher Muran, Jeremy Safran

Technology and psychotherapy training

Web-based psychotherapy training: Innovative methods for learning psychotherapy

Priyanthy Weerasekera — McMaster University, Canada

Psychotherapy through a looking glass: The many layers of webcam supervision

John Manring — SUNY Upstate Medical University, Syracuse, USA

Psychotherapy effectiveness and the expert performance framework

Sandra Elisabeth Stewart — Monash University, Melbourne, Australia
Janette Simmonds

Discussant:
Thomas Berger, University of Bern, Switzerland
**Brief Paper Session**

**Training**
Saturday  
10:30 AM-12:00 PM  
MR 4B/63

158.

Psychotherapist trainees' perceptions of change mechanisms in psychotherapy work  
*Liat Tuman-Caspi — Columbia University, New York, USA*

The impact on counseling trainees on weekly journaling about learning from clients  
*Jessica V. Stahl — Massachusetts School of Professional Psychology, USA*

Daniel Isenberg, Jessica Garcia, Paul Letendre, Laura Noblet  
Never enough! Personal therapy in the context of psychotherapy training in Austria  
*Katharina Gerlich — Danube University Krems, Austria*

Michael Maertens, Anton Leitner, Alexandra Koschier, Heidemarie Hinterwallner, Gregor Liegl  
How customized is personal therapy in psychotherapy training in Austria?  
*Michael Maertens — Danube University, Krems, Austria*

Anton Leitner, Alexandra Koschier, Heidemarie Hinterwallner, Gregor Liegl, Katharina Gerlich, Anton Leitner

---

**Panel**

**Change Process**
Saturday  
10:30 AM-12:00 PM  
MR 5A/91

**Moderator**  
Michael Basseches, Suffolk University, Boston, USA

159.

**Mechanisms of emotion change in psychotherapy:**  
*Clinical, theoretical and managerial perspectives*

Mechanisms of emotion change in psychotherapy: Micro-level analysis of neuropsychological processes  
*Angela Brandao — Hospital Cuf Infante Santo, Portugal*

Michael Basseches  
The microanalysis of dialectical-developmental mechanisms of emotion change  
*Michael Basseches — Suffolk University, Boston, USA*

Angela Brandao  
Accountability: Let's talk business  
*Claire Nelissen — De Studio--Institute for Integrative Psychology, Haarlem, The Netherlands*

---

**Lunch**

Saturday  
12:00 PM-1:00 PM  
Second Floor Pre-Function Area

160.
**Business Meeting**
Training  
Saturday  
12:00 PM-1:00 PM  
Ballroom Two-Three  

**Moderators:**  
David E. Orlinsky, University of Chicago, USA; Bernhard Strauss, Friedrich-Schiller-Universität Jena, Germany; Clara E. Hill, University of Maryland, College Park, USA; Louis G. Castonguay, Penn State University, University Park, USA; Jan Carlsson, Karolinska Institute, Stockholm, Sweden

161.

**SPRISTAD Section Annual General Meeting**

**Structured Discussion**  
Personality  
Saturday  
1:00 PM-2:30 PM  
MR 4A/63  

**Moderator**  
Neill Watson, College of William and Mary, Williamsburg, USA

162.

**Self and emotion: Three theoretical/research perspectives**

Discussants:  
Jeanne C. Watson, University of Toronto, Canada  
Timothy J. Strauman, Duke University, Durham, USA  
Michael Westerman, New York University, USA

163.

**Panel**  
Alliance  
Saturday  
1:00 PM-2:30 PM  
MR 1C/144  

**Moderator**  
Rolf Holmqvist, Linköping University, Stockholm, Sweden

163.

**Associations between alliance and outcome in brief primary care therapies**

Outcome in brief primary care therapies: Are these therapies tailor made?  
Rolf Holmqvist — Linköping University, Stockholm, Sweden

The therapeutic alliance predicts symptomatic improvement session by session  
Fredrik Falkenström — Linköping University, Stockholm, Sweden  
Fredrik Granström, Rolf Holmqvist

Rupture-repair events predict better outcome in brief primary care therapies  
Mattias Holmqvist Larsson — Linköping University, Stockholm, Sweden

Discussant:
Panel

Louis G. Castonguay, Penn State University, University Park, USA

Verbal and non-verbal expression of mutual regulation in psychotherapy

Discursive positions in the psychotherapeutic interaction: An application of the Dialogic Discourse Analysis (DDA) to mutual regulation process
Claudio Martinez Guzman — Universidad Diego Portales, Santiago, Chile

Non-verbal facial affective behavior of patient and therapist during relational in-session episodes: A micro-analytic approach to mutual regulation in psychotherapy
Carolina Altimir — Pontificia Universidad Católica de Chile, Santiago

Vocal quality patterns: An analysis of voice micro-regulatory sequences in the psychotherapeutic exchange
Alemka Tomicic Suñer — Universidad del Desarrollo, Santiago, Chile

Discussant:
Wolfgang Tschacher, University of Bern, Switzerland
Panel
Assessment
Saturday
4:30 PM-6:00 PM
MR 3D/63
Moderator
Norma Lottenberg Semer,
Universidade Federal de São
Paulo, Brazil

Assessing therapeutic change in psychoanalytical psychotherapy

Psychoanalytical psychotherapy in medical setting: Psychic changes in a follow-up study
Norma Lottenberg Semer — Universidade Federal de São Paulo, Brazil
Emilia Afrange, Roberta Katz Abela, Antonio Carlos Dutra, Juliana Leonel, Katia Semeraro Jordy, Tatiana Gottlieb Lerman, Tatiana Roccato Fortes, Silene Oliveira

Changes in long term psychoanalytical psychotherapy according to the Rorschach Comprehensive System
Latife Yazigi — Universidade Federal de São Paulo, Brazil
Norma Lottenberg Semer, Thais Cristina Marques, Roberta Barros

Psychotherapy research in a difficult context in the south of Brazil
Maria Lucia Tiellet Nunes — Pontifical Catholic University of Rio Grande do Sul, Brazil

Discussant:
Shira Tibon , Academic College of Tel-Aviv and Bar Ilan University, Israel

Brief Paper Session
Process-outcome
Saturday
4:30 PM-6:00 PM
MR 3E/63

Intolerance of uncertainty: A transdiagnostic construct predictive of treatment outcome
James F. Franklin Boswell — Boston University, USA
Johanna Thompson-Hollands, David H. Barlow

From an ongoing randomized study of IPT and CBT for patients with MDD.
Annika Ekeblad — Linköping University, Stockholm, Sweden
Rolf Holmqvist

Scheduled healing: The relationship between session frequency and psychotherapy outcome in a naturalistic setting
David McConkie Erekson — Brigham Young University, Provo, USA

Application of the Actor-Partner Interaction Model to alliance-outcome relationships
Robert Hatcher — City University of New York, USA
‘It works for me’: Young people’s narratives of their experience of psychotherapy
Kerry Gibson — University of Auckland, New Zealand

Parental influence on children’s posttraumatic symptoms
Tonje Holt — Norwegian Centre for Violence and Traumatic Stress Studies, Oslo, Norway

The working alliance in therapy with traumatized youth: How is it related to outcome in different types of treatments?
Silje M. Ormhaug — Norwegian Centre for Violence and Traumatic Stress Studies, Oslo, Norway
Tine K. Jensen

Clinically significant moments and mentalization based interventions in a psychodynamic psychotherapy with a female adolescent with symptoms of depression
Vera Regina Röhnelt Ramires — Universidade do Vale do Rio dos Sinos, Brazil
Elisa Yoshida, Camilla Biazus, Eduardo Khater, Erhard Mergenthaler

Perceived social support and group psychotherapy effectiveness
Michal Mielimaka — Jagiellonian University, Kraków, Poland
Krzysztof Rutkowski

A hundred ways of changing and a single way of standing still: Understanding assimilation longitudinally
David Manuel Dias Neto — Universidade de Lisboa
Telmo M. Baptista, Kim Dent-Brown

Cognitive approach to the treatment of loneliness
Grace Bellotti — Private Practice, New York, USA

Helping alliance and outcome in the routine care of people with severe mental illness across Europe
Bernd Puschner — Ulm University, Germany
Katrin Arnold, Sabine Loos, Mike Slade, Andrea Fiorillo, Malene Frøkjær Krogsgaard Bording, Marietta Nagy, Arlette Bär, Thomas Becker
