

Richmond Academy of Medicine

New Member Announcement

Neurological Associates is pleased to welcome Anthony D. Julius, MD

Dr. Anthony Julius grew up in Richmond, VA and graduated from St. Christopher's School, with honors. He received his undergraduate education in biology and comparative zoology from Harvard College in Cambridge, MA before receiving his medical degree from the University of Virginia School of Medicine in Charlottesville, VA. Dr. Julius completed both his internship in internal medicine and his residency in neurology at the University of Washington in Seattle. He remained in Seattle to complete a movement disorders fellowship with the U.S. Department of Veterans Affairs' Parkinson's Disease Research, Education, and Clinical Center.

As part of Neurological Associates, Dr. Julius' primary focus is diagnosis and management of movement disorders such as Parkinson's Disease, as well as other neurodegenerative parkinsonian disorders, cervical dystonia, essential tremor and restless leg syndrome.

Dr. Julius has a particular interest in pharmacologic, non-pharmacologic and surgical management of Parkinson's disease, essential tremor, cervical dystonia, restless leg syndrome and migraine. This includes evaluation and management of Deep Brain Stimulation (DBS). He also is very interested in the effects of botulinum toxin injection for a variety of indications including dystonia and migraine, and is able to provide these injections for patients that meet those criteria.

Dr. Julius is happy to be back serving the Richmond community. He is currently accepting new patients and referrals at Neurological Associates.

Please join us in welcoming
Dr. Anthony Julius
to the Richmond Academy of Medicine
