SKIP LOGIC (based on response to required question, respondent skips to appropriate section)

Your survey report contains three sections:

- an executive summary of highlights from each of the stakeholder groups
- an appendix with detailed sub reports including appropriate disaggregated reports
- comments from stakeholders organized by stakeholder group and sorted by net promoter score

Within each of the stakeholder group sub reports, the first page contains the results of the demographics questions followed by congruency tables, ordered lists of performance and importance, disaggregation by net promoter score (promoter, passive, detractor), and finally tables disaggregated based on demographics questions.

*If you have custom questions, the results are tallied and presented in a separate section.*
