PEE DEE DISTRICT

Office of President Elect

Duties in bylaws/constitution:
1. Act in the absence of the president
2. Succeed to the office of the president in case of removal, resignation, or death of the president
3. Be elected/nominated automatically to the office of president at the end of term, provided active member in good standing of the society at the time
4. Serve as a member of the house of delegates of the SCDA
5. Plan and arrange scientific programs for the meetings of the society
6. Supervise the dental education phase of the society’s activities such as continuing education seminars
7. Arrange for the meeting place for all meetings of the society
8. Arrange for all social and entertainment functions sponsored by the society
9. Serve as member of the SCDA membership committee as per SCDA bylaws.

Other duties and hints:
1. Please see attached information on planning scientific meetings, included will be current lists of vendors, speakers, sponsors, topics, venues and contacts. Keep this list updated with new information for those following in your footsteps.
2. Also included will be information on tracking CE credits, keeping ce accedidation up to date.
3. Attend all society executive committee meetings and plan meeting dates a year in advance if possible.
4. Remember you are also a member of the SCDA board of governors and expected to attend SCDA board meetings, you will be empowered to vote in the absence of your president and being present helps keep information flowing to the districts.
5. As social events fall under your responsibilities, work with the new dentist committee chair to help co-ordinate events, often scheduled to coincide with district meetings. (May also delegate this to vice-president)

Pee Dee District Dental Society  
Spring Meeting

Date: March 19, 2010  
Registration: 7:30 am until 8:00 am  
Lecture: 8:00 am until 12:00 pm  
*The business meeting of the Pee Dee District Dental Society will follow immediately upon conclusion of the lecture.

Location: Florence Country Club  
Florence, SC  

Speaker: Dr. J. Daulton Keith  

Subject: Creating Long Term Clinical Health for Dental Implants:  
Implant Site Development and Bone Grafting

Objectives:  
1. Extraction Problem Solving  
2. Socket Preservation  
3. Site Management  
4. Bone Grafting

Biography:  
J. Daulton Keith, D.D.S., F.I.C.D.:  
Dr. Daulton Keith maintains a private practice in Periodontics in Charleston, South Carolina. He is a graduate of the Medical College of Virginia and Boston University’s School of Graduate Dentistry in Periodontics. He is a member of the American Dental Association, American Academy of Periodontology, Academy of Osseointegration, the International College of Dentists and the American College of Dentists. Dr. Keith’s commitment to learning has continued throughout his career. He serves on the faculty of the Medical University of South Carolina, College of Dental Medicine, as a Clinical Professor in the Division of Graduate Periodontics. In addition to his busy schedule in his private practice and the College of Dental Medicine, he serves as mentor to many fellow dentists in the community. He has published several articles in national dental journals regarding Implantology and block bone grafting.

Dr. Keith’s strong presentation skills are based on a wealth of knowledge from his 35 years of private practice and a commitment to quality patient care. He has lectured nationally and internationally on a variety of topics such as hard and soft tissue grafting procedures, successful long-term periodontal therapy, implant surgical and restorative procedures, enhancing esthetics, and case presentation procedures that gain patient acceptance. His presentations appeal to specialists and the general practitioner.

Spring 2010 Meeting

March 19, 2010
FLORENCE COUNTRY CLUB
Dr. Daulton Keith: “Creating Long Term Clinical Health for Dental Implants: Implant Site Development and Bone Grafting”

Program Feedback:
Attendance: 114 (Dentist-79 Other-35)
Evaluations returned: 60
*All comments recorded without grammatical corrections

1. Speaker: Well Satisfied (49) Satisfied (11) Disappointed (0)
   Comments:
   • Great presentation; speaker very knowledgeable
   • Super

2. Program: Well Satisfied (49) Satisfied (11) Disappointed (0)
   Comments:
   • Good to know info, but practically will refer out (95% of us)

3. Facilities: Well Satisfied (42) Satisfied (15) Disappointed (3)
   Comments:
   • Mic kept cutting off & on
   • Audio system was somewhat distracting (faded in and out)
   • Somewhat difficult to find
   • Sound quality; popping speakers
   • Sound quality was bad; popping during presentation
   • I like Greenville Tec for location; did not like BMW

4. Length of Program:
   Well Satisfied (44) Satisfied (16) Disappointed (0)
   Comments:
   • A little long…hard to concentrate that long

5. Suggested Future Program
   Comments:
   • Restorative update; if health care plan passes (hope not), how will it affect the average dental practice?
   • Recent selection very good!
   • Please select a topic that is applicable to all offices and everyday use.
   • Complex restorative / Endo / oral pathology
   • Sleep medicine and oral sleep appliances
   • Facial & oral pain diagnosis and management
   • Pharmacology that impact our patients
   • Fact & fiction in Dentistry (what were you taught wrongly)
   • Materials: update bonding agents / C & B materials, etc…
   • Saturdays would be good
   • Forensics
   • Bleaching
   • How to motivate patients to get the best dental care
   • This practitioner should be back to do an 8 hour block of instruction: knowledgeable and practical.
   • Handout w/specific materials used
   • Oral surgery
   • Keeping patient records and writing patient data
• Oral surgery
• Endodontics

6. Consideration for Future Length of Program:
   ½ day (50)   ¾ day (3)   Full day (7)
   *Length of programs would be 4 hours, 6 hours & 8 hours for above reference

7. Suggested Future Speakers:
   • Jack Davis: Alternative Medicine that affects us as humans (not just dental patients)
   • More like this – specifically

8. Interest in Participation Program:  Yes (18)  No (42)

9. Potential Subject for Participation Program:
   • Anesthesia (IV & local)
   • Pharmacology (meds & antibiotics)
   • Pediatrics
   • Anything
   • MRSA / Osteoporosis

   Equilibration
