

**SFPE Subcommittee on Research & Innovation**  
**Roadmap Working Group – Meeting Report**  
**May 11, 2017**

**Present:** Bryan Hoskins (Group Leader), Adam Barowy, Hubert Biteau, David Charters, Al Condello, Jason Floyd, Chris La Fleur, Aixi Zhou, Amanda Kimball (SFPE Board) and Chris Jelenewicz (Staff).

**The following was discussed:**

1. **Report on Draft Matrix Sections** – Section authors reported on his or her sections. Some submitted updated information.

Human Behavior – Bryan Hoskins

Fire Service -- Gavin Horn

Fire Safety Systems – Chris LaFleur – Revised section.

Building Fires – Aixi Zhou – Revised section

Non-building Fires – Adam Barowy – Revised section, info on toxicity will be deleted as it conflicts with information in fire dynamics.

Resiliency – Amanda

Fire investigations – Al Condello and Luca Fiorentini (will submit shortly)

WUI – Aixi – New Section

The current sections are attached to this meeting report.

2. **Moving Forward** – Section authors were asked to finalize his or her draft sections and send to CJ before June 19.

When finalizing these sections, the authors were reminded to make sure all items on the list are related to the practice of fire safety engineering.

Also, items in the Risk Category should be related to probabilistic methods/risk-informed methodologies.

CJ will compile the finalized sections and place them into one document before June 26. He will distribute this compiled list to the group to review. Additionally, CJ will work with Bryan to develop a method to prioritize the items.

3. **Next Meeting** – CJ will schedule via Doodle Poll for July.

**End of Report**
