

Subcommittee for Codes & Standards Liaison (SCCSL)

Other Organizations Working Group

Meeting Report – January 16, 2017

Present: Mark Mannex (Group Leader), Eric Reed, Stephen Skalko and Chris Jelenewicz (Staff).

The following was discussed:

Group Leader – Mark Mannex has volunteered and will serve as working group leader.

Current Activities – The working group has reviewed a listing of global codes/standards making organizations that was developed by FM Global. The working group agreed that it will need to decide what organizations it should be focusing on and why.

SFPE currently has working relationships with the ASCE/SEI 7 committee and the ASHRAE (Smoke & Fire Committee).

SFPE Chapters – The working group decided to survey the SFPE global chapters to see what areas they are working on in the area of codes/standards and establish what type of assistance this working group can offer. The working group will also ask the chapters if they can recommend members that may be interested in participating in this working group. Working group members were asked to send potential survey questions to Mark before February 20. A draft survey will be completed before March 6.

Working Group Expectations – The working group will draft a mission statement. Mark will put together a draft and send to the working group to review.

Next Meeting – The next Working Group meeting will be in March. CJ will schedule via a Doodle Poll.
