Leadership Experience –This section counts for 55% of your total score.

Leadership is about what you do, rather than who you are. Every student has the potential to make a difference in their school and community. It starts with focusing on where there is a need, considering opportunities, and making a commitment. You may have excellent grades, but what sets a student apart is their involvement in extracurricular activities at school, in the community, or at their place of work. Your commitment and achievement is what makes a difference.

Tell us about the leadership roles you have held in your school, community, and/or place of employment. Provide no more than five examples in each category. Describe the position you held, your responsibilities and what you accomplished.

A large, empty rectangular box with a thin black border, occupying most of the page. It is intended for the applicant to provide a response or submit a document.
