

Resources for Dealing with Traumatic Events in Schools

- ✚ The National Education Association and the National Education Association Health Information Network developed an extensive step-by-step guide for preparing, responding to, and recovering from crises in schools. The crisis guide provides practical suggestions and tips for educators, schools, and districts. In addition, the guide provides information on the mental health needs of students, school staff, and the greater school community.

 - PDF version <http://www.neahin.org/assets/pdfs/schoolcrisisguide.pdf>

- ✚ The American Psychological Association offers tips for parents to help children manage distress after school shootings. <http://www.apa.org/helpcenter/aftermath.aspx>

- ✚ The National Child Traumatic Stress Network (NCTSN) developed the Child Trauma Toolkit for school administrators, teachers, staff, and parents to provide basic information about working with traumatized children in schools.
http://www.nctsn.org/sites/default/files/assets/pdfs/Child_Trauma_Toolkit_Final.pdf
 - NCTSN developed a two page list of practical suggestions for educators to help traumatized children at school.
http://www.nctsn.org/assets/pdfs/CTTE_Educators.pdf
 - NCTSN developed a brief fact sheet on the psychological and behavioral impact of trauma on high school students. <http://iers.umt.edu/docs/nctcdocs/ImpactofTrauma-High%20School.pdf>

- ✚ The National Center for Mental Health Promotion and Youth Violence Prevention has assembled numerous resources to Safe Schools / Healthy Students grantees to assist them with dealing with traumatic events at school. This helpful link includes information to schools that have experienced a traumatic event including, talking to children about violence, responding and recovering from a traumatic event in school, and preventing violence.
http://www.nasponline.org/resources/crisis_safety/school-violence-prevention.aspx

- ✚ The National Institute of Mental Health (NIMH) assembled detailed information and fact sheets for parents and community members who may have experienced a traumatic event.
 - [What Parents Can Do](#)
 - [What Community Members Can Do](#)The website also includes links to additional resources and publications.
<http://www.nimh.nih.gov/health/topics/coping-with-traumatic-events/index.shtml>

- ✚ The United States Department of Education developed a brochure with practical information from more than three dozen experts who work with children in schools that offers advice on how to help students recover from traumatic events. The brochure provides tips for students, parents, school staff, and others. <http://www2.ed.gov/parents/academic/help/recovering/recovering.pdf>

- ✦ The American School Counselor Association (ASCA) compiled helpful documents and publications for helping children during a crisis. These resources include parent and school guides and tips, crisis team information, and suggested resource centers and educational facilities.
<http://www.schoolcounselor.org/content.asp?contentid=672>
- ✦ Cheri Lovre of Crisis Management Institute (CMI) in Oregon developed a website that specializes in planning for school crises, training in school crisis management plans, and preventing school violence. Services include on-site crisis response and trauma intervention worldwide, online courses and resources, as well as training and technical assistance in the development stages.
<http://www.cmionline.org/home/cmi/index2.html>
- ✦ The National Center for Post Traumatic Stress Disorder highlights the common reactions and problems that adults may experience after experiencing a traumatic event. This may be relevant for educators, administrators, and other school based staff.
<http://www.ptsd.va.gov/public/pages/common-reactions-after-trauma.asp>
- ✦ The Centers for Disease Control (CDC) developed a brochure on coping with a traumatic event. The brochure provides information on responses to traumatic events, Post-Traumatic Stress Disorder (PTSD), and coping strategies for adults and children.
<http://www.cdc.gov/masstrauma/factsheets/public/coping.pdf>
- ✦ The Substance Abuse and Mental Health Service Administration (SAMHSA) developed a guide for parents and educators that provides tips for talking to preschoolers, school-aged children, and adolescents after traumatic events.
http://www.samhsa.gov/MentalHealth/Tips_Talking_to_Children_After_Disaster.pdf In addition, the SAMHSA website provides links to resources for dealing with trauma and coping in times of stress. <http://www.samhsa.gov/trauma/index.aspx>
- ✦ The UCLA Center for Mental Health in Schools developed a resource for assessing student violence. <http://smhp.psych.ucla.edu/pdfdocs/shootings.pdf>
- ✦ The CSMH in collaboration with the Maryland School Mental Health Alliance developed a brief information guide for parents and caregivers when dealing with crises with their children and youth. http://www.schoolmentalhealth.org/Resources/Fam/MSMHAparents_crisismanagement.pdf
- ✦ Dr. Marleen Wong, CSMH Expert Advisory Panel Member, and Clinical Professor and Dean of Field Education at the University of Southern California, wrote a white paper titled “Managing Threats: Safety Lessons Learned from School Shootings.” The paper discusses the social and psychological effects of school shootings, provides suggestions for preventing school shootings, and discusses education policy for school safety procedures.
