

Philippe Bordes
Public Private Partnerships & Alliance Manager

SANOFI

Since 2011, Philippe has been actively involved in various Public Private alliances and projects within the IMI consortium (Innovative Medicine Initiatives): PreDICT-TB, SAFE-T, ABIRISK, SPRINTT.

At the EFPIA level, he is involved in SGG TS (Strategic Governing Group Translational Safety), a Think tank where project ideas are developed through a European call launch process via IMI.

- *EFPIA brings together 33 European national pharmaceutical industry associations as well as 41 leading companies undertaking research, development and the manufacture in Europe of medicinal products for human use.*
- *IMI is a partnership between the European Union and the European pharmaceutical industry. With a €5 billion budget for the period 2008-2024 and a research agenda that covers the entire drug development process, it is the world's largest public-private partnership in health research.*

For more than 20 years in the pharmaceutical industry, he spent 15 years in clinical management within Sanofi Pasteur, Serono, Amgen before joining Sanofi in 2006.

Philippe, who is specialized in project management (Project Direction Executive Master graduate – Ecole Centrale Paris) has great interest for collaboration and partnering and has been a member of the Association of the Strategic Alliance Professionals (ASAP) since he has been acting as an Alliance Manager at Sanofi, an ASAP Global member.
