

CourtCall Nutshell

Monday, June 19, 2017

5:00 p.m. - 6:00 p.m.

Commercial Courts, 330 University Avenue, Courtroom 801, 8th Floor

Why let Erin Brockovich and Atticus Finch have all the screen time? The new [Video Conference Practice Advisory](#) now allows you to appear using CourtCall moderated video for certain Superior Court of Justice matters in Toronto, including Civil Practice Court, Commercial List and Estates List matters.

TLA will host a nutshell highlighting both the practical use of the CourtCall program by lawyers, as well as an interactive demonstration showcasing CourtCall's capabilities. Join TLA for a behind-the-scenes look at how lawyers can effectively apply CourtCall in their practice, including content ranging from how to schedule an appearance to the appearance protocol, all with visual illustrations. A live simulation will be conducted to demonstrate how CourtCall is tailored to facilitate oral advocacy.

This simulation will explore CourtCall's live Judge View and Counsel Table View, and will feature remote participants role-playing as lawyers. Sub-conferencing and document sharing will also be explored in real time. Journey with CourtCall and TLA through a complete mock calendar, and envision conducting your next hearing over the CourtCall video platform.

Presenters: **Jim Kelley**, CourtCall National Sales Manager
Majid Juma, MAG Innovation office
The Hon. Stephen Firestone, Superior Court of Justice
Brett Harrison, McMillan LLP, TLA Board member

Registration

This is a demonstration and no fees apply. Please pre-register so we may plan for seating.
