Increase your visibility within USASBE!

By becoming a USASBE Partner, you'll have visibility, access and influence within our membership. Your school or business will be top-of-mind within USASBE by being involved with our meetings, events, newsletters, website and social media. In most cases, we'll custom build your sponsorship to meet your objectives.

About USASBE

We are an inclusive community advancing entrepreneurship education through bold teaching, scholarship, and practice.

Our members are:

- Teachers sharing best practices but also challenging existing paradigms of how entrepreneurship should be taught, to whom, and to what ends.
- Researchers moving the practice of entrepreneurship education forward and translating cutting-edge entrepreneurship research into teachable content.
- Program directors and practitioners that complement classroom-based entrepreneurship education with practical immersion experiences in the broader entrepreneurship community.

Impact and Influence

As leaders in the emerging discipline of entrepreneurship, our members are making an impact on how we think about, conduct research on, design public policy around, and interact with students, entrepreneurs and entrepreneurial ventures. With nearly 1,000 members, USASBE represents over 500 colleges and universities across the United States and around the globe.
