Supplier Directory 2015

Supplier Directory includes members of the Virginia Hospitality Suppliers Association, a component of Virginia Hospitality & Travel Association.
The Virginia Hospitality and Travel Association is the only statewide-unified voice for the restaurant, lodging, travel and hospitality suppliers associations. VHTA creates value for members by promoting the legislative and regulatory interests of the industry, networking, educational opportunities, and protecting free enterprise.

Merged in 1993, the Virginia Restaurant Association, Virginia Hotel-Lodging Association, Virginia Travel Association and Virginia Hospitality Suppliers Association continue to evolve as "One Strong Voice for Tourism" throughout the Commonwealth, better known as the Virginia Hospitality and Travel Association.
Sysco is the global leader in selling, marketing and distributing food products to restaurants, healthcare and educational facilities, lodging establishments, and other customers who prepare meals away from home. Our family of products and services also include equipment and supplies for the foodservice and hospitality industries. From crisp lettuce and sturdy potatoes to tropical starfruit and gourmet mushrooms, Sysco has all you’ll need to continue the tradition of quality for all of your produce needs.

YOUR HOTEL IS AT CAPACITY.
YOUR NETWORK SHOULDN’T BE.

Connectivity is the number one priority for hotel guests. At the same time, guests are travelling with more devices than ever before, putting pressure on your network. Comcast Business provides all the capacity you need to satisfy guests, with Ethernet scalable up to 10Gbps. And Internet with speeds up to 100Mbps, complete with two separate modems at no extra cost.

Visit cbcommunity.comcast.com/hospitality for more on how to engage today’s connected traveler. Or call 855-869-7187.

“We bridge the gap between where your business is now and where you want it to be.”

Your business needs different levels of help at different times. Committing resources to full time staff is not always the most feasible solution. Steiner Business Solutions has all the resources that a business owner needs — when they need them - under one roof. Here's a list of services we can perform:

**Bookkeeping** – done in our office, online, or onsite at your place of business!

**CFO Services** – we provide an experienced consultant that will act as part of your management team. A CFO is invaluable if your business is growing or you're looking for guidance with financial strategy and execution.

**Payroll** – we can do the payroll or work alongside your current provider (ADP, Paychex, etc.)

**Tax Preparation** – Individual, Corporate, Partnership, Non-Profit

Steiner Business Solutions blends the role of the trusted CPA (number cruncher) with the real world knowledge of running a business (entrepreneur). We don't like to sit behind desks like the stereotypical accountant. We prefer rolling up our sleeves and working alongside our clients throughout the year, helping them develop and execute strategies that will make them more successful.

Connexture works exclusively with Associations representing multiple companies of all sizes and industries across multiple states in several deregulated markets to save money on energy costs by getting the lowest rates and best contract terms, all tailored to your specific needs.

The Consulting team at Connexture will help you manage electricity costs by providing options not available with your current utility or supplier.

Energy deregulation has created an amazing opportunity for companies to save BIG on their electricity and natural gas costs. These are heavy costs that can break your budget and eat up revenue, or reduce hard expenses and drop more profit to your bottom line. They can show you how.

Connexture has an integrated, and expansive wholesale supplier network that competes to earn your business. We represent you, and our goal is always to get the lowest rates, and contract terms based on your specific business needs & goals.
