WERA FOCAL MEETING  
November 30 – December 2, 2017  
The Education University of Hong Kong, Hong Kong**

**Deadline for Submission:  
May 19, 2017; 23:59 Hong Kong Time (GMT +8)**

---

The World Education Research Association (WERA) invites submissions for papers and symposia for the WERA Focal Meeting to be held in Hong Kong from November 30 to December 2, 2017. WERA is an association of major national, regional, and specialty education research associations dedicated to sharing scholarship, developing networks, and mutually supporting capacity building. The WERA 2017 Focal Meeting is an integral part of the Hong Kong Educational Research Association (HKERA) International Conference 2017 and consists of a program of paper and symposia sessions on topics of world-wide scope that are embedded in the conference of a WERA member association.

WERA symposia and paper sessions are intended to complement and extend those presented at the HKERA conference under the HKERA Call for Submissions. In general, the WERA Focal Meeting seeks to feature research that includes more than one country or is comparative, cross-cultural, international, or transnational in conceptualization, scope, or design.

Paper submissions need to meet these criteria; symposia submissions can include papers from single sites or countries as long as the presentations combined are from different countries and the aims of the symposium are anchored in worldwide or global issues. Duplicate submission through the HKERA and WERA online submission systems is not allowed.

### **Who Should Submit?**

Scholars and advanced graduate students worldwide whose research extends beyond a single-country site are encouraged to submit papers to the WERA Focal Meeting. Scholars wishing to organize symposia that feature research paper presentations from multiple countries or parts of the world are also encouraged to submit.

### **Scope of the Focal Meeting**

The scope of the Focal Meeting is wide in its reach to include studies across the life span from early learning to workforce and adult education and that take place in formal and informal contexts of education and learning.

The emphasis of the Focal Meeting is on papers and symposia *with a lens that is worldwide in perspective*. Otherwise there is no restriction on the education research topics appropriate for consideration, although priority will be given to submissions that focus on research and findings addressed to significant trends, issues, and challenges worldwide.

## Guidelines for Submission to WERA Focal Meeting

Paper and symposia submissions must be submitted through the online portal on the WERA-HKERA 2017 conference website at [https://www.eduhk.hk/wera\\_hkera2017/index.php](https://www.eduhk.hk/wera_hkera2017/index.php).

The deadline to submit is **May 19, 2017; 23:59 Hong Kong Time (GMT +8)**.

### *Paper Submissions:*

Paper summaries are a maximum of 750 words in addition to the paper title, information on the authors, and so forth. Up to ten references may be included in the summary, and must be set forth in the reference list. Also, a 250-word abstract suitable in publication must be included. ### *Symposium Submission:*

A symposium provides opportunities, not afforded by a single paper, to examine a specific education research problem or topic through an international, comparative, or worldwide lens and to bring to bear diverse perspectives, intensive discussion, or a wide range of expertise.

Symposium abstracts are a maximum of 500 words. Submissions also include 150-word summaries for each presentation/paper in a symposium, and allow for up to ten references for each presentation. References cited in the summaries must be set forth in the reference list.

Symposium proposals are submitted by an organizer who may or may not be a chair, presenter, or discussant. A WERA symposium can include a maximum of five participants in addition to the chair. Participants include all presenters and any discussants.
