

TABLE D: Cross-Cutting Measures for the 2018 Performance Period and Future Years

Note: In the CY 2018 Quality Payment Program proposed rule (82 FR 30466 through 30467), we included the table of cross-cutting measures, which is intended to provide clinicians with a list of measures that are broadly applicable to all clinicians regardless of the clinician’s specialty. Even though it is not required to report on cross-cutting measures, it is provided as a reference to clinicians who are looking for additional measures to report outside their specialty.
