

## Membership Application

### COME JOIN US!

*The Voice of Forestry Since 1949.*

Alabama Forestry Association's seed was planted in 1949, when a small group of sawmillers joined together to defend their livelihood and their families from impending government regulation. Today, the support has grown to include every facet of Alabama's forestry community—from the stump (landowners and logging contractors) to forest product manufacturing facilities.

By joining our forestry community, you are investing in a strong voice before the governor, legislature and state regulatory agencies, such as ADEM and ALDOT.

For a complete list of our member benefits and the latest forestry news, please visit [www.alaforestry.org](http://www.alaforestry.org).

THANK YOU!
