Websites:

Golden Ratio, <https://en.wikipedia.org/wiki/Golden_ratio>

This article contains a wealth of information about the Golden Ratio.

Phi: 1.618, <<https://www.goldennumber.net>>

The author is a phi believer and supports many of his claims with technical analysis.

Mathematical Art,

<<http://srjcastaff.santarosa.edu/~rwerner/Web-Site/Site/Welcome.html>>

This site explores the connections between art, beauty, and mathematics.

John Martin's Home Page, <<https://profiles.santarosa.edu/john-martin>>

Scroll to the bottom for a link to a folder containing a PDF of the slides.
