

Mathematics, Tenure-Track Full-Time Faculty #017135

The Science Division at Bellevue College (Bellevue, WA) announces a full-time tenure-track faculty opportunity to start **Fall 2018**. Review of applications begins on **1/15/18** with a final due date of **1/30/18** to receive full consideration. Applications received after that date may be considered until position is filled.

Tenure track instructors in the Mathematics Department have duties in both teaching and governance. Candidates should be committed to improving student education both directly (through high-impact and effective instruction) and indirectly (through service to the department, college and community aimed at improving student success at Bellevue College).

Individuals with a history of ongoing contribution to multi-cultural and equitable environments, and who have experience providing support to underrepresented populations in STEM fields are particularly encouraged to apply.

Requirements include Master's degree and experience teaching the first two years of collegiate Mathematics.
