## Online Gifted and Talented Education Specialized Studies

**Complete your GATE education in as little as 9 months!**

Offered **completely online**, University of California, Irvine Extension's Gifted & Talented Education specialized studies program will help you develop new skill sets and expand your understanding of the needs of gifted students – whether you're a novice to the field or an experienced teacher seeking the latest strategies for curriculum differentiation.

The GATE program consists of **9 units** and can be completed in as little as **9 months**. Choose from a variety of course topics, including:

Identification & Programming for the Gifted  
Social/Emotional Needs of the Gifted  
Differentiated Instruction  
Learning Styles

Parental Involvement  
Critical & Creative Productive Thinking  
Engaging Students Through Technology  
The Arts in GATE Education

UC Irvine Extension also offers two complimentary resources to enhance your learning experience in the program and keep you on the cutting edge of current industry knowledge and practice:

- The **annual free GATE webinar series** introduces industry experts as they address current issues and impacts on gifted education.
- The **online GATE community** provides free access to a variety of GATE resources as well as current updates regarding course schedules and events.
