

# CGOA CATALOG

## New to Crochet?

### FREE ONLINE LEARNING RESOURCES

Whether you crochet right-handed or crochet left-handed, you can find a free, quick starter lesson online at [www.Crochet.org](http://www.Crochet.org) under the "Learn" tab. There are also online lessons for teaching children.

## Earn a Certificate!

### CGOA Master of Advanced Crochet Stitches and Techniques

Designed for the intermediate crocheter to learn and master advanced techniques and stitches, the CGOA Master of Advanced Crochet Stitches and Techniques is open to both CGOA members and nonmembers. This is not a program for beginners in crochet.

Once you sign up, what can you expect? You will receive in the mail program instructions that will guide you through crocheting a number of swatches and you will answer several questions. You will create a portfolio of your work in plastic sleeves in 3-ring binders. Once you've completed the required work, you will ask CGOA to add your name to the waiting list for a reviewer. CGOA will notify you when it is time to ship your portfolio. At times there are backlogs, creating a bit of a wait for the next review.

The program is divided into several parts. All are to be completed and submitted at one time.

A ravelry discussion group is monitored by the reviewers if you have questions, and you can check on notices about the program at [www.crochet.org](http://www.crochet.org) under the "Learn"/"MastersProgram" tab.

There is no timeframe for completing your initial submission. Your portfolio will be returned with a written review of your work, and with a certificate upon successful completion.

See the definition of a successful "Master Crocheter" on the CGOA Web site under the "Learn" tab, plus notes regarding portfolios that do not pass. You will also see online the names of those who have completed the program.

Are you ready to begin? Place your order, today!

## Resources for Professionals

### Apply for CGOA Recognition as a Crochet "Professional" or "Associate Professional"

CGOA seeks to identify and assist those among its membership who are professionals, or are recognized as moving toward working professionally in the crochet field.

See the definitions below to determine which category (**Associate Professional** or **Professional**) you are best qualified to apply for. If you do not at this time qualify for full "Professional" status, you should apply for "Associate Professional" status. Associate Professionals may request a mentor to help them acquire the skills and requisites needed to move from Associate Professional to Professional status.

**Crochet Associate Professional: a Member who is recognized within CGOA as moving toward working professionally in the crochet field.** The Associate Professional application form contains the list of prerequisites you must meet before you send in an application. Order the free form (or go online at [www.Crochet.org](http://www.Crochet.org) under the tabs for "Learn"/"Crochet Professionals") and check it out.

**Crochet Professional: a CGOA Member who has been working professionally (derives some or all income from this work) in the crochet field for at least 2 years.** The Crochet Professional application form contains the list of proofs of qualification that must be submitted for review by the CGOA Professional Development Committee. Order the free form (or go online at [www.Crochet.org](http://www.Crochet.org) under the tabs for "Learn"/"Crochet Professionals") to check it out.

Through the Professional Development Committee, CGOA provides CGOA-recognized Professionals with networking opportunities with other member Professionals, an online discussion list, a mentoring program to assist "Associate Professionals" who are aspiring to qualify as Professionals, and helpful online listings of: CGOA's Corporate Members, CGOA Professionals and CGOA Associate Professionals (including those who are contract crocheters/pattern testers). At the annual Professional Development Day gatherings (in conjunction with the CGOA Conferences/Knit & Crochet Shows) there are networking opportunities and informative sessions on career growth for Professionals and Associate Professionals.

**Order either the Associate Professional application or the Crochet Professional application form today.**

## CGOA 2016 Commemorative Crochet Hook

A beautiful 5 1/2" long size "O" bone crochet hook with turned handle and "CGOA 2016" engraved on the shaft

## CGOA 2015 Commemorative Crochet Hook

The 2015 Commemorative Crochet Hook designed by the team at the Unraveled Ewe Company. The Commemorative Hook is a size G/4.00mm and is hand-turned in Cocobolo wood, an exotic hard wood grown in Mexico and Central America. Cocobolo grain patterns vary widely and colors range from yellow to purple. It has a very fine grain and is ever-so smooth. In addition, this hook is shaped differently than traditional crochet hooks. Instead of being long and slender, it is only 5.5 inches long and made with a contoured handle that fits nicely in the hand.

**Supplies are limited.**

## CGOA 2014 Commemorative Crochet Hook

The 2014 CGOA Commemorative Hook is a size K and features the official 20<sup>th</sup> Anniversary color, emerald green. It comes with a bonus charm that hangs from the head. Jim Schellaas of Sharky's Crochet Hooks created each hook by hand from laminated hardwood, with a lab-created Emerald dangle set in sterling silver. The hook is designed to fit comfortably in the hand for hours of usage.

**Supplies are limited.**

## CGOA Pattern Line

To review and order items to download from the CGOA Pattern Line, go to the Online Shopping Page or see separate CGOA Pattern Line Catalog.

## CGOA Member Pin

Current CGOA Members may order a member pin to proudly announce their affiliation with the Crochet Guild of America. The pins are in full color and cut out in the shape of the CGOA logo.
