

FOODSERVICE CONSULTANT APP

GET THE APP

Foodservice Consultant from FCSI is now available on your iPad, iPhone and Android devices. The app is free to members to download and offers intelligence and insight for foodservice industry professionals everywhere.

LOG IN TO THE APP

Once downloaded, to view the app on your device, simply sign in using a user name (your email address) and password (your Constituent ID). There is also a separate 'subscribe' function for non-members to download the app annually for a small fee (a one year subscription is \$39.99).

FIND A MEMBER

The app allows users to view the latest magazine content and also features a 'find a member' global search function so that you can locate fellow FCSI members near you or to search for them by country, as well as expertise.

ENHANCED PROFILE

The really exciting development with this new app is that each professional member can showcase up to 10 of their projects on their profile page - a function which will be free of charge for the first year.
