The Iowa Chiropractic Society Presents:

HEAD INJURY: BASELINE, MANAGEMENT, IMAGING, & CONSIDERATIONS

Palmer College of Chiropractic Faculty Doctors’ Ron Boesch, D.C., D.A.C.B.N., and Mike Tunning D.C., A.T.C., M.S., will be speaking to those in attendance on recognizing and diagnosing different head injuries, both on the field and in the office. They will go over how to use the Sport Concussion Assessment Tool 3rd Edition (SCAT3) in addition to performing a Baseline pre-participation screening. Multiple diagnosis and management options will be discussed and practiced during this class. Case studies will be reviewed to give those in attendance some real life scenarios to think about. Palmer College of Chiropractic Faculty Dr. Ian McLean, D.C., D.A.C.B.R., will also be presenting on imaging possibilities to consider with the head trauma patient. A multitude of conditions will be covered during his presentation relevant to what can be seen by chiropractors.

JULY 15, 2017, 8:00 A.M.-5:00 P.M.
ICS HEADQUARTERS, ANKENY IA
