FUNCTIONAL TEXTILE & CLOTHING CONFERENCE

The biannual International conference on Functional Textile & Clothing is being organized by the Textile Department of IIT Delhi in partnership with World University of Design, Sonepat and PSG Tech, Coimbatore. The conference will be held on 9-11 February 2018, at New Delhi, India. An International Scientific Committee comprising of scientists from over 18 countries will oversee the content of the conference.

In addition to technical papers, the conference has announced Innovation Contests for students in Textile and Fashion Products. There will also be a poster contest for students. Manufacturers dealing in functional products, smart textiles, wearables and other such products will also be displaying in an exhibition.
