

1989 ITAA Fellow – Naomi Reich

Naomi A. Reich Professor and Program Leader of Clothing and Textiles and Research, University of Arizona, is a noted academic researcher in the field of clothing for special needs. She is a prolific author of articles for journals in the field of rehabilitation and has published an internationally distributed bibliography. Her recent project on the anthropometric measurements of the elderly is a timely area of research that could yield much needed information for apparel manufacturers. She has been a major force in the world-wide symposium "Design for All." She has nurtured many new professionals thereby contributing to the growth of our professions
