

Massachusetts Veterinary Medical Association

Anti-Discrimination Policy

The MVMA encourages its members to view, evaluate, and treat all persons in any professional activity or circumstance in which they may be involved, solely as individuals on the basis of their own personal abilities, qualifications, and other relevant characteristics.

The MVMA confronts and rejects all forms of prejudice and discrimination that have led to misunderstanding, hostility and injustice, including those based on race, ethnicity, gender, disability, sexual orientation, gender identity, religious beliefs, military or veteran status, political beliefs, geographic, socioeconomic, and educational background or any other characteristic protected under applicable federal or state law.
