

## MINNESOTA GIS/LIS CONSORTIUM NETWORKING EVENT SPONSORSHIP OPPORTUNITY 2013

Greetings! Last year the Minnesota GIS/LIS Consortium sponsored two networking events last year in addition to its annual fall conference in response to the GIS community's request for additional opportunities to network with other users and GIS vendors. The first occurred in May in conjunction with annual spring educational workshops on the campus of the University of St. Thomas. The other was a year-end gathering that coincided with Geography Awareness Week in November. More than 125 GIS professionals attended these events that facilitated the exchange of ideas, solutions, and experiences regarding a vast number of issues specific to the field. The response to these events was overwhelmingly positive! Among them were vendors who welcomed the opportunity to mingle and introduce themselves to these professionals.

This year we would like to reprise these events and explore the addition of a third to occur in the summer. The Minnesota GIS/LIS Networking Committee is beginning the 2013 planning process and we would like to offer you the opportunity to financially support these events for a contribution of \$200. As a benefit, we will prominently display your company logo, allow you table space for literature, and formally introduce you to attendees. Your company or organization will also get two complimentary passes to each event where a fee is required.

The Minnesota GIS/LIS Consortium and its members acknowledge that vendors are a critical part of our organization and we COULD NOT succeed without the steadfast support you have shown these many years! We would like to encourage you to please consider participating as a sponsor but regardless- THANK YOU for making the Minnesota GIS/LIS Consortium one of the best GIS professional groups in the country!

Josh Gumm  
2013 Chair – Board of Directors

# MINNESOTA GIS/LIS CONSORTIUM NETWORKING SPONSORSHIP 2013

Name of Agency/Company: \_\_\_\_\_

Address: \_\_\_\_\_

Contact Person: \_\_\_\_\_
