Looking for a career in Environmental Horticulture?

The MNLA Green Industry Career Fair is where landscape, nursery and greenhouse companies will connect with individuals looking for jobs in the green industry. This is a win/win opportunity for employers and job seekers.

Who will job seekers meet at the MNLA Career Fair?

Landscape, nursery and greenhouse companies will be on hand to talk with job seekers about a wide variety of jobs. The industry needs irrigation technicians, project managers, foremen, salespeople, managers and supervisors, horticulturists and licensed applicators, landscape designers, equipment and fleet mechanics, people with CAD experience and laborers. Green industry companies have offices and need support staff on their teams, too.
