Position: Behavioral Science Instructor
Salary: Competitive
Location: Bronx, New York - United States
Type: Full time
Requirements: LMSW/LCSW

Job Description: The Bronx Lebanon Hospital Department of Family Medicine residency program provides a broad range of health care services for the patients in the South Bronx. It is an exceptional academic program, training future family medicine physicians in the biopsychosocial model of care and the development of excellent communication skills. We are seeking a social worker to join our behavioral faculty team for a very exciting and dynamic career opportunity. This is a great opportunity for any clinician seeking to be part of an innovative and dynamic program utilizing the most update methods of integrated care.

Specific Education, Certification and Skill Requirements:

- Current NYS License
- MSW degree - Excellent writing and verbal skills - Ability to multitask and prioritize
- Ability to work in fast-paced hospital environment
- Ability to work within a multi-disciplinary team responsibilities:
  - Provide mental health services including individual, group, and family psychotherapy to a diverse caseload of adults and children.
  - Participate in coordination of care for patient
  - Provide case management services
  - Provide crisis intervention
  - Participate in research activities
  - Partake in resident education curriculum and activities
  - Provide therapeutic services at our geriatric and pain management clinics
