

**Two Senior Social Work Positions on New Addictions Consult Team  
New York University Langone Health**

New York University Langone Health is seeking two full time social workers to join our new Addictions Consult Team.

Under the supervision of a Social Work Supervisor, s/he will work closely with an addictions-focused consult team that includes psychiatry and nursing. The team will consult on patients experiencing substance abuse-related complications that are interfering with the patients' hospitalization and recovery. The positions require a background in substance abuse treatment and referral. A Credentialed Alcoholism and Substance Abuse Counselor (CASAC) is strongly preferred. The positions require an LCSW and at least 4 years of practice as a licensed social worker.

Kindly submit your resume to: [socialwork@nyumc.org](mailto:socialwork@nyumc.org)
