

MST-CAN THERAPIST- Bronx, NY

PURPOSE:

The therapist will have a clinical background. He/she will participate in training and consultation activities. The right candidate will adhere to the MST model, be an action-oriented present-focused therapist and have excellent communication and organizational skills.

RESPONSIBILITIES include but are not limited to:

- Conduct Multisystemic Therapy-Child Abuse and Neglect (MST-CAN) assessments for adult and child trauma, substance abuse, child abuse and neglect. Assessments include functional analyses, identification of strengths and weaknesses and a thorough analysis of referral behaviors within the family's ecological context.
- Engage primary caregiver and other key participants in active change-oriented treatment by identifying and overcoming barriers to engagement
- Implement a problem conceptualization, treatment planning, intervention implementation, outcome review and strategy revision using the MST process
- Teach caregiver how to conduct random urine drug screens and breath scans to detect alcohol and drug use
- Collaborate with all relevant systems and key participants within each system to ensure their buy-in and cooperation throughout MST Treatment
- Maintain clear and concise documentation in CNRX case record including progress notes of treatment efforts, enter data into PROMIS; prepare reports to Probation if required

EDUCATIONAL REQUIREMENTS: Master's degree in Counseling, Psychology, Social Work or a related field

OTHER REQUIREMENTS: Agreement to work a flexible schedule, comfortable with group supervision and commitment to work on professional development goals to improve model adherence

PREFERRED KNOWLEDGE: Family systems theory and application, social ecological theory and application, behavioral therapies theory and knowledge, cognitive-behavioral theory therapy and application, pragmatic family therapies theory and application; social skills assessment and intervention and child development research and its application in treatment

PREFERRED EXPERIENCE: Direct use of pragmatic family therapies, individual therapy with children and adults using cognitive behavioral techniques, marital therapy using behaviorally-based approaches, behavioral therapy targeting school behavior and academic performance

Salary range-47,000+
