

In search of a social worker (LISW-CP) to work as an independent contractor for an established, well respected, church-affiliated practice in the Lexington/Richland County area. This is an Monday through Friday, full or part time position; no evenings or weekends. Our practice is on most insurance and EAP panels and would prefer a current Medicare provider. We have an excellent administrative support staff and are looking for a team player to join us. For consideration, please email a cover letter and CV to CounselorApplicationReply@gmail.com."
