CA 6-Hour X-ray Recertification Classes

The NCCA offers 6-Hour X-ray Recertification classes for CAs who have completed the 50-Hour Basic X-ray Certification Program. Once you are certified, you must attend one 6-hour recertification class every calendar year after your certification year. The classes will review physics, positioning, and methods of improving radiographic quality.

Due to recent clarification from the NC Board of Chiropractic Examiners, the NCCA is proud to announce that we will deliver education required for X-ray recertification online in addition to traditional classes. The NCCA is committed to representing the interests of our members.

CA 50-Hour Basic X-ray Programs

The North Carolina Chiropractic Association sponsors 50-hour basic X-ray training programs for chiropractic assistants. The classes meet the minimum requirement for basic X-ray proficiency as directed by the North Carolina State Board of Chiropractic Examiners (NCBOE), effective July 1, 1990. Exams will be given under the auspices of the NCBOE. Each module provides the attendee with the required knowledge and training to assist the doctor of chiropractic in taking and processing X-rays of the appendicular and axial skeleton. The next two modules are listed below.
