#### **Entering USEF Classes.**

A horse / rider combination may enter any USEF class on Thursday, the day of the FEI Jog; a horse / rider combination may enter USEF classes the day(s) following their final CDI class. DrRules Article 422.1.4.

#### **USDF Requirements for Foreign Owned CDI Horses.**

For foreign-owned horses competing only in a CDI competition, USDF accepts copies of the horse identification pages from an FEI passport in lieu of a USDF Horse Identification (HID) Number or USDF Lifetime Horse Registration (LHR). Copies of the horse identification pages from an FEI passport must be submitted to USDF along with the post competition fees and paperwork. In lieu of pages from an FEI passport, the USDF HID application can be completed, including passport number, however no fees will be assessed. If an FEI passport is being submitted in lieu of a USDF HID application, copies of the following pages of the FEI passport should be submitted to USDF: (1) first page of the FEI Passport; (2) page that shows details of ownership; (3) page that shows description of horse.

#### **Special CDI Fees.**

Special drug fee for any horse entering a CDI class. See Entry Form.

#### **Numbers.**

Each horse will keep the same Bridle Number throughout the Event. It is compulsory for this number to be worn, from the time of their arrival until the end of the Event, by the horse, competitor or handler at all times, when the horse is being handled, exercised or shown on the grounds so that it may be identified by the stewards.

#### **Right of Entry to Grounds.**

Grounds are open twenty four hours. Entry to FEI stabling is restricted according to FEI requirements.

#### **Stabling.**

CDI horses will be stabled separately in FEI Stabling area which includes its own FEI warm up. Only CDI riders may use this FEI warm up. The FEI barn has 80 stalls and can be expanded only with portable stabling; it is far from Open Competitor Stabling. Due to pressures on the use of the FEI warm up for CDI competitors and the necessity of keeping FEI Stabled horses as isolated as possible, non CDI traveling companions will be stabled in Open Competitor Stabling. Plan accordingly. Security precautions will comply with FEI requirements. Only properly identified riders, trainers, grooms, farriers, treating veterinarians, officials, organizing committee members and two owners per horse will be allowed to enter FEI stable area. Wristbands will be used for identification. All horses in FEI stabling shall be included in the Veterinary Clinical Examination and must satisfy its requirements. See details under Competition Considerations below.

#### **Mounted Limitations.**

No one but the competitor (except the groom on a long rein) may ride the horse for the four days prior to the CDI competition or during the competition. All FEI horses must be stabled on the grounds and may not leave the grounds during the Event, commencing with the Veterinary Inspection prior to the FEI Jog and terminating with the pinning of their final FEI class. DrRules Article 422.3.6. Per NEDA Local Rules, CDI horses may ride in the warm up in front of the FEI Stabling barn and in NEDA White warm up. Any non CDI horses stabled in the FEI Stabling barn may ride only in the non ring section of NEDA White warm up. All horses stabled in the FEI Stabling barn may use only these areas, nowhere else on the grounds.

#### **Starting Order.**

A draw will be held late afternoon each day to determine the starting order for the next day's classes, exact time and location published at Headquarters. A rider may not withdraw except as specified by FEI rules. Check details in Entry Considerations for Junior Tour, Young Rider Tour, Small Tour, Large Tour.. A draw order cannot be changed. DrRules Article 425.

#### **Arenas.**

Competitions will take place outdoors in 20m x 60m sand footing. Warm up will be in 20m x 60m identical sand footing.

#### **Tack Check.**

A tack Steward will check the saddlery of each horse after exit from the competition arena. Any discrepancy will entail immediate elimination. All warm up areas and arenas will be supervised. Complete Saddlery regulations in DrRules Articles 427 / 428..

#### **Awards.**

NEDA Medal for first place (65.000% or better), special awards, and ribbons to six places. Prize moneys through fifth place will be distributed according to table in General Specifications. Because FEI rules require that prize money be distributed to 25% of participants in each competition (class), additional prizes will be awarded in classes with more than 20 competitors. Horse/rider combinations placing in these FEI competitions must be present, mounted and in full riding attire for the awards ceremonies.

#### **Insurance.**

All owners and competitors are personally responsible for damages to third parties caused by themselves, their employees, their agents or their horses. They are therefore strongly advised to take out third-party insurance providing full coverage for participation in equestrian events at home and abroad, and to keep the policy up to date.

#### **Expenses.**

The Organizing Committee is not responsible for any expenses of competitors, horses, owners, their employees or agents, and does not offer expense allowances or reimbursements.

#### **Logos.**

Competitors may carry only the logo of their personal sponsor on each side of their saddle cloth; it must not exceed 200 sq cm. Details: GenReg Article 135.

**VETERINARY PASSPORT CONTROLS, EXAMINATION, AND INSPECTION****Passport Requirements.**

Horses and ponies entered in international Events must be in possession of a valid FEI Passport or a National Passport approved by the FEI and accompanied by an FEI Recognition Card and must be registered with the FEI, as means of identification and to establish ownership. Exception: the requirement to have an FEI passport is waived if Juniors / Young Riders compete in CDIs in their home country (GR 137); however, for these Juniors / Young Riders, horse passports or a proper identification document, including FEI-type diagram and a valid vaccination certificate will be required; the USEF National Passport meets these requirements. Horses must be registered with their National Federation, be identifiable from an outline diagram and be correctly and verifiably vaccinated according to FEI equine influenza regulations. GenReg Article 137 and VetReg Article 1010.2 and VetReg Annex XIII., USEF website International Disciplines.

**Veterinary Clinical Examination.**

The FEI Veterinary Clinical Examination is a compulsory stall examination of each horse in FEI Stabling, by the FEI Veterinarian starting Thursday morning, time set at competitor's convenience. CDI horses must present passport; do not turn passport into Headquarters. This examination will determine: identity of the horse by comparison with its passport; that vaccination requirements and other passport details are up to date and in order; the age of the horse; that the horse is not suffering from any infectious or contagious disease, with temperature, pulse, respiration being observed. Non-CDI horses stabled in the FEI Stabling must show health certificates, negative Coggins and vaccination records in compliance with FEI regulations and signed by a veterinarian. Details VetReg Article 1011.2.

**Equine Influenza Vaccination,**

From January 2005 onwards, influenza vaccination for all horses competing in FEI competitions requires a vaccination within six months + 21 days of the competition. (1) All horses intending to participate in FEI competition must have received an initial primary course of two vaccinations, given between 21 and 92 days apart. Thereafter, a third dose (referred to as the first booster) must be given within 7 months after the date of administration of the second primary dose, with at least annual boosters given subsequently (ie within one year of the last done). (2) If the horse is scheduled to take part in an FEI competition, the last booster must have been given within 6 months + 21 days of arrival at the FEI event. (The 21 day window has been provided to enable vaccination requirements to fit in with the competition schedule.) (3) No vaccination shall be given within 7 days of arrival at the FEI event. (4) All horses that were certified as correctly vaccinated under the previous FEI equine influenza vaccination rule prior to 1<sup>st</sup> January 2005, do not need to start a primary course again provided that they have complied with the previous rule of primary course and annual re-vaccinations and the new rule of a booster vaccination within 6 months + 21 days of the day of arrival at the FEI event.. VetReg Annex VI.1 / .2 / .3.

All proprietary equine influenza vaccines are acceptable to the FEI irrespective of the route of administration. All vaccines must be administered by a veterinarian. The vaccine should be administered according to the manufacturer's instructions (ie intramuscular injection or intranasal). The details of the vaccine, serial / batch number, the date and route of administration must be recorded in the FEI passport. Where vaccination details are to be entered into the new FEI passports / recognition cards or duplicates, if the vaccination history of the horse is very long, the Veterinarian who completes the descriptive page of the passport / recognition card may use a specific statement to certify that the vaccinations have been administered in accordance with FEI regulations (for the extract of the wording see Veterinary Regulations, Annex XIII.1.11). VetReg Annex VI.4.

**Veterinary Fitness Inspection (FEI Jog).**

All CDI horses must be prepared to jog at the FEI Veterinary Fitness Inspection (FEI Jog) on Thursday at 5:30 PM in the schooling ring at FEI stabling. Horses will be jogged in bridle number order. Details VetReg 1011.3 / .4 / .5 / .6 / .7.
