

Welcome to the National Hearing Conservation Association

Thank you for your interest in NHCA. We're glad you are considering joining us in our shared mission to prevent hearing loss.

Who is NHCA?

We are audiologists, engineers, nurses, physicians, industrial hygienists, and others who share a commitment to prevent hearing loss, on the job and off.

What do we do?

We provide networking resources and professional development opportunities to improve skills, practices, and services of our members.

- ✓ Our annual conference is a great opportunity to keep abreast of new developments in the field and network with leading experts.
- ✓ Educational opportunities like the one-day Hearing Loss Prevention: The Basics seminar held at the annual conference and other regional seminars held across the country provide low-cost and a timely way to keep skills sharp and stay up-to-date on new developments.
- ✓ Our flagship publication, *Spectrum*, is a highly respected publication in our field, keeping our members in touch and informed.
- ✓ Communication tools, like the website and email blasts, put the latest information about legal and regulatory developments, new initiatives, and more in your hands right away.
- ✓ NHCA teaching tools, like our Practical Guide pamphlet series and our posters and slides, make your training, motivation, and education jobs easier and more effective.
- ✓ NHCA committees and task forces provide the opportunity to network with leading experts while promoting hearing loss prevention through the development of position statements, training and education initiatives, professional recognition efforts, collaboration with related professional organizations, and more.

Who can join NHCA?

Member status is available to those holding a graduate or professional degree in an area related to hearing conservation, or who have equivalent professional experience as determined by NHCA's Executive Council. Members receive *Spectrum*, publications and teaching tools, significant discounts on conference and seminar registration fees, hold full voting rights and are eligible to hold office.

Associate Members are those who share our interest in hearing conservation, but do not qualify for full Member status. Associate members receive all the benefits of membership, but cannot vote or hold office.

Professional Service Provider (PSP) membership is designed for firms providing hearing conservation services. PSP organizations may designate two representatives to receive member benefits, and have special recognition in the NHCA directory along with other benefits. One of the PSP representatives must meet the requirement of Member status. **PSP Additional (PSPA)** is available to employees of PSP members not eligible for Member or Associate status and who are not already designated as the secondary representative. PSPA's receive *Spectrum*, a member certificate, access to the Member's Only section of the website and email broadcasts, but cannot vote or hold office. See *PSP Benefits* for more details.

Commercial Members (CM) are firms making or distributing products related to hearing conservation. Along with Member-level benefits, Commercial membership includes discounted exhibit space at NHCA conferences and meetings, advertising space in *Spectrum*, and more. **CM Additional (CMA)** is available to employees of Commercial members not eligible for Member or Associate status and who are not already designated as the secondary representative. CMA's receive *Spectrum*, access to the Member's Only section of the website and email broadcasts, but cannot vote or hold office. See *Commercial Member Benefits* for more details.

Student membership is available to individuals pursuing a degree in a field related to hearing conservation at least half-time in an accredited educational institution. Student members receive all of the benefits of membership, but cannot vote or hold office.

PSP Member Benefits

A Professional Service Provider (PSP) Membership applies to any Company (profit or non-profit) regularly providing Hearing Conservation Services. At least one member of the PSP Company must be eligible for a full regular membership. PSP's are expected to follow standards of good practice and conduct becoming of an NHCA professional member. PSP Benefits include:

- ✓ In addition to the one designated full member, a PSP may include one Professional Service Provider Associate (PSPA) as a secondary representative of the Company at no added cost.
- ✓ Listing within the NHCA Website under "Find a Service Provider" for anyone seeking Hearing Conservation Services. The listing displays the Company Name, Member Designate, Phone Number, E-Mail and a link to the Company Website. The listing will be posted for any State in which the Company does business.
- ✓ PSP's have a ½ day Workshop as part of the Annual NHCA Convention held around the Country. PSP's registering for the full day of Workshops can attend the PSP Workshop for "free" and need only pay ½ the normal Workshop Registration.
- ✓ PSP's are encouraged to use their NHCA Memberships and the NHCA Logo as a promotional tool for their business.
- ✓ PSP Member Certificate
- ✓ 10% discount on Educational Materials

Commercial Member Benefits

Commercial membership offers access to "early adopters" and leaders in hearing conservation. Commercial members receive a package of benefits including:

- ✓ Two designated representatives, each receiving all of the benefits of Member status.
- ✓ One FREE website advertisement posted during the month of your choice on the homepage of the NHCA website. Advertisements MUST be 600 x 300 pixels MAX / GIF (72 dpi or larger)
- ✓ Company logo and 75 word descriptor posted on NHCA website during membership year.
- ✓ Free advertising. Two half-page *Spectrum* ads per year and a half-page ad in the NHCA Directory are provided to Commercial members at no additional cost.
- ✓ Significant discounts on exhibit space at NHCA conferences and seminars.
- ✓ Association Sponsorship opportunities, bundling the best available exhibit, conference registration, and support offerings in a single convenient package.
- ✓ CM Additional members get a discounted membership rate as an employee of the Commercial Member who is not eligible for Member or Associate status and who is not already designated as the secondary representative.

Most importantly, NHCA membership provides you privileged access to leading experts, early adopters, and trendsetters in our field. Networking opportunities alone with NHCA members are worth the cost of membership. You can't afford not to participate with NHCA - it's important to your business to be here!

Preamble

The goals and purposes of the Association demand the highest standard of integrity and ethical behavior on the part of its members. This Code of Ethics has been developed to identify some fundamental principles that should be honored by Association Members. These principles should not be viewed as exclusive, but represent the general standards of ethical practices expected by the Association and its members. Any act that is in violation of the spirit and principles of the Code of Ethics shall be viewed as unethical practice. Members share in the responsibility to advise the Association's Ethical Practice Committee of instances of possible violation of the Code.

Principles of Ethics

Members shall ensure their education and training is consistent with the range of professional services they may provide. All categories of members shall refrain from misrepresentation of credentials and other qualifications.

Professional members shall not abuse the prerogative of delegation of services and shall ensure that appropriate supervision of nonprofessionals is provided.

Services provided, shall, at minimum, conform to standards adopted by the Association, or, in the absence of such standards, shall conform to standards established in federal and state regulations as they may apply, and to commonly accepted standards of professional practice. The standards developed by this Association will always be at least as rigorous as those required by federal and state regulatory agencies.

Communications to the public or other purchasers of services must be accurate. They shall not convey false, unsupported, deceptive, or misleading information.

Members shall honor their responsibilities to the public or other purchasers of services or products, their profession and their relationships with colleagues and members of related professions, and shall not misrepresent the stated mission, goals, or credentials of this Association.

Revised and accepted by the NHCA Executive Council June 8, 1990.
