Dear Senator Hadley:

Treasurer

Jamie Summerfelt

We at Nonprofit Association of the Midlands want to express our gratitude for your organization of the LB405 and LB406 hearings last week. The reforms proposed in both bills touch the lives of every Nebraskan and so it was only appropriate that you afford the time and energy necessary to accommodate the multitudes who sought to provide testimony on the bills. Thank you.

We are also grateful for the effort made by your staff in the hour before the beginning of the Wednesday hearing to ensure our organization could participate by printing our letter of testimony and making it available for pick-up to our designated representative.

We look forward to the continuation of this inclusive discussion about an issue central to the future of our great state.

Sincerely,

Chief Executive Officer

Anne Hindery
