

**AN INTERNATIONAL STUDY OF THE
QUALITY OF LIFE OF ADULT
PATIENTS TREATED WITH HOME
PARENTERAL NUTRITION**

Dr JP Baxter

HPN-QOL[©] – Oley survey

67 responses – Thank you!!

How has HPN made you feel (past year or since starting HPN)?

How has HPN affected your ability to go on holiday?

- Is there scope for clinician support for travel?

Has HPN felt a burden to you?

Does this response reflect motivated group of patients if they have responded to survey in the first place?

Have you had concerns about your weight?

	%
Not at all	25.0
A little	51.6
Quite a bit	18.8
Very much	4.7

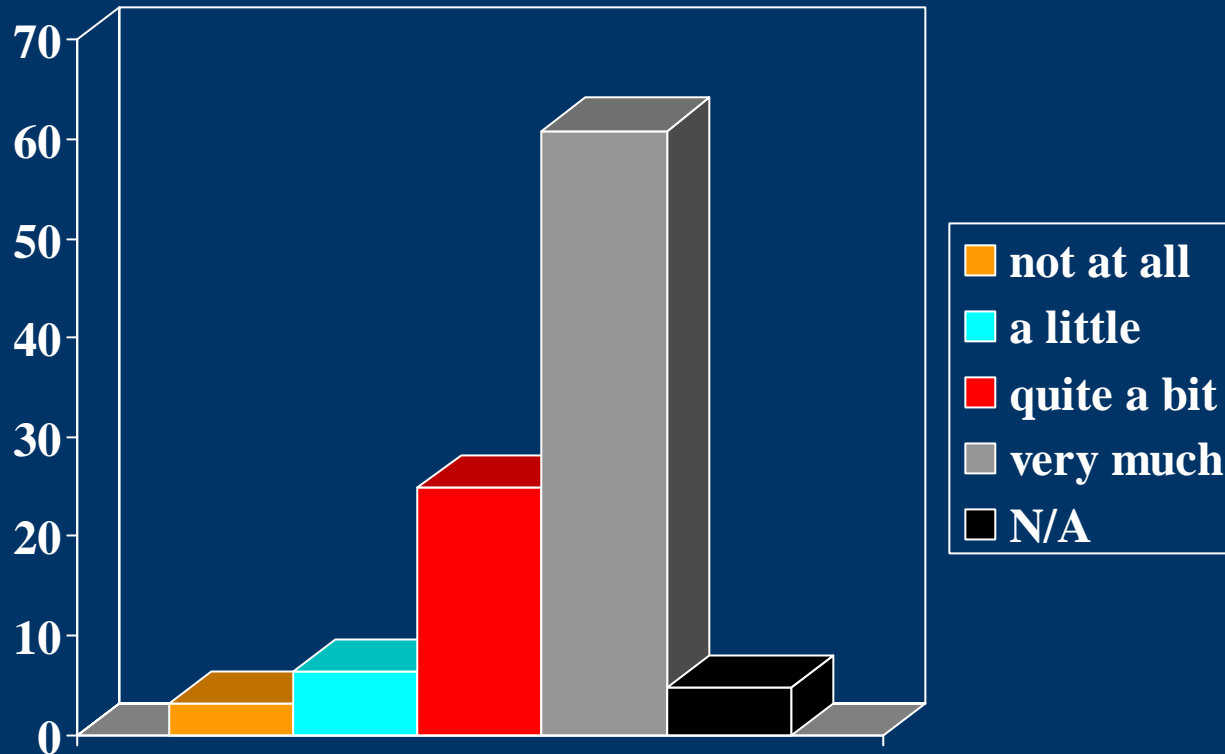

- Interesting !!
- With more data would like to correlate Nutritional status with QoI

Have you felt supported by your nutrition team?

Discussion point –
availability of team?

Have you had access to a Portable pump?
– is so has it improved your ability to get around?

Were you able to feel independent?

Again –may reflect motivated respondent group?

Were you able to..

..eat?

not at all a little
quite a bit very much

...drink?

not at all a little
quite a bit very much

Have you felt depressed? (past week)

■ not at all ■ a little ■ quite a bit ■ very much

- Other studies have found level of depression - again – is this a ‘well’ group of patients?

Employment status

- Have you felt you wanted to go out to work?

Employment status

- Were you able to go out to work?

How has your QoL been in the past week?

0 = Very bad ←

→ 10 = Very good

% patients

How has your QoL been affected by your HPN?

-5 very much for
the worse ←

→ +5 very much
for the better

% patients

How has your QoL been affected by your underlying illness?

-5 very much for
the worse ←

→ +5 very much
for the better

% patients
