COURSE DESCRIPTION

*Extremities in the Carolinas: Fingers to Nose/Knees to Toes* is an advanced course for physician assistants who treat general orthopedic conditions of the extremities in adults and children. This course teaches the principles and techniques for management of extremity injury and current concepts in surgical and non-surgical management.

COURSE LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Examine and apply basic scientific information and technical skills in extremity surgery
- Update knowledge regarding current evaluation and treatment of injuries to the upper & lower extremities
- Review current practice management including proper coding, reimbursement, and state/national healthcare trends
- Develop new clinical and technical skills to improve delivery of healthcare to patients with upper and/or lower extremity injuries

INTENDED AUDIENCE

Physician Assistants who practice in general orthopedics.

CREDIT
