

INTRODUCING

ASCD'S LIVE, NETWORKED PROFESSIONAL LEARNING INSTITUTES

Your professional learning needs demand top-quality, leading-edge, affordable, and timely delivery ... conveniently near your workplace. To meet those challenges ...

A new ASCD solution is coming to 4 locations: March 31-April 1

BUILDING TEACHERS' CAPACITY FOR SUCCESS

Your Newest ASCD Channel for Superior Professional Learning: Benefit First-Hand from National Leaders and Their Coached Teams in a Low-cost, High-energy, Locally based and Dynamically Networked Environment.

The research is clear that teacher quality is the #1 determinant of student success – it is important to put forth every effort to support teacher growth. This collaborative two-day institute supports every role for teacher development:

- **Principals and other administrators** will learn how to nurture a school culture that values instructional coaching, continuous growth, rich feedback, and professional dialogue.
- **Instructional coaches and teacher leaders** will discover the art and strategies of providing individualized support to teachers in a way that addresses their unique and individual needs.
- **Classroom teachers** will identify and strengthen their patterns of thought in order to grow as reflective practitioners, taking the reins of their own professional growth.

Based on the ASCD best-selling books, *Building Teachers' Capacity for Success* and *Teach, Reflect, Learn*, authors and lead presenters Pete Hall (winner of the 2004 ASCD Outstanding Young Educator Award) and Alisa Simeral will provide participants with the tools, strategies, language, and mindset to support all teachers' growth as reflective practitioners.
